

EVALUATIONS
Release Notes - 2022.12.2

Introduction

The following document will highlight the various improvements we have made to our application Evaluations, located in our application bundle “Human Resources”.

<https://schooldata.net/suite/applications/evaluations/>

Improvements

EVAL-603

The Evaluator's 'Mark Complete?' and 'Mark complete and send email notification?' now behave differently; the stand-alone 'Mark Complete?' no longer sends an email to the Evaluatee.

EVAL-608

Updates have been made to the scroll bar behavior on the Observation notepad during text entry.

Task

EVAL-602

Created a Mid-Year Summary report that is designed specifically for the mid-year summary task setup

EVAL-606

Wapato - Created a district custom Final Evaluation report

Bug

EVAL-610

Final Evaluation print is now includes Evaluator & Evaluatee question text responses that are linked to criterion
