

Examples - Year-End Rollover

Chart configurations are year-centric and edits need to be made each year. Below are some examples.

Update Student Groups: Student groups will be noted with a school year in parentheses.

All Kindergarten Students (17/18)	
All 1st Grade Students (17/18)	
All 2nd Grade Students (17/18)	
All 3rd Grade Students (17/18)	
All 4th Grade Students (17/18)	
All 5th Grade Students (17/18)	

Update School Years: Easily add/remove school years from the configuration and save/render to verify the change.
