# GPA Averages by Program

The GPA Averages by Program extract displays the average grade point average (GPA) of students in a group, broken down by a particular Service.

Navigate to the **Key Performance Indicators** Application and click on **Browse KPI** on the left navigation screen.

Click **Browse Category** under **Average GPA**.

Click **Build KPI** under **Average GPA with Programs** to view and download a PDF that displays the average GPA with program sub-groups.
