

STUDENT GROUPS RELEASE NOTES 2023.3.3

Introduction

The following document will highlight our various improvements to our application Student Groups, located in our application bundle “Dashboards and Distributions”.

<https://schooldata.net/suite/applications/student-groups/>

Improvements

SG-260

Provide user ability from Venn to create a new Static group from selection

SG-261

Update the Student Search form when selecting students to add as Members to a group

SG-264

Provide an option for users to 'include withdrawn students' if desired in a Nightly Updating type group.

SG-266

Surface all students that were added as Members regardless of withdrawn status.

SG-267

Provide an option from the Compare tab to go to create Application User Items (ie, Charts?)

SG-268

Provide click action on student's photos to spotlight them
