

Student Growth Chart

This chart is located in the **Charts Application**. See [Chart Guide](#) for more information.

This chart shows student growth from one assessment to another where performance levels are used. This is a longitudinal cohort chart; students must have taken both selected assessments to be included in the chart. Teachers find this chart useful to show student growth to monitor instruction and as evidence for TPEP.

This Chart has three sections: **# of students**, **Level Change Totals**, and **Cohort Change**.

Level Change Totals

This displays the count of students for each number of level changes and the total student and level counts.

Cohort Change

This displays the average number of level changes per student in the group. In addition, the percentage of students who either grew levels or maintained proficiency is displayed.

Access

Log into the Evaluations V2 Application [\[yourdistrict\].schooldata.net/v2/evaluations](https://yourdistrict.schooldata.net/v2/evaluations)

For any task, there is the **Charts** section. Click on the **+** icon.

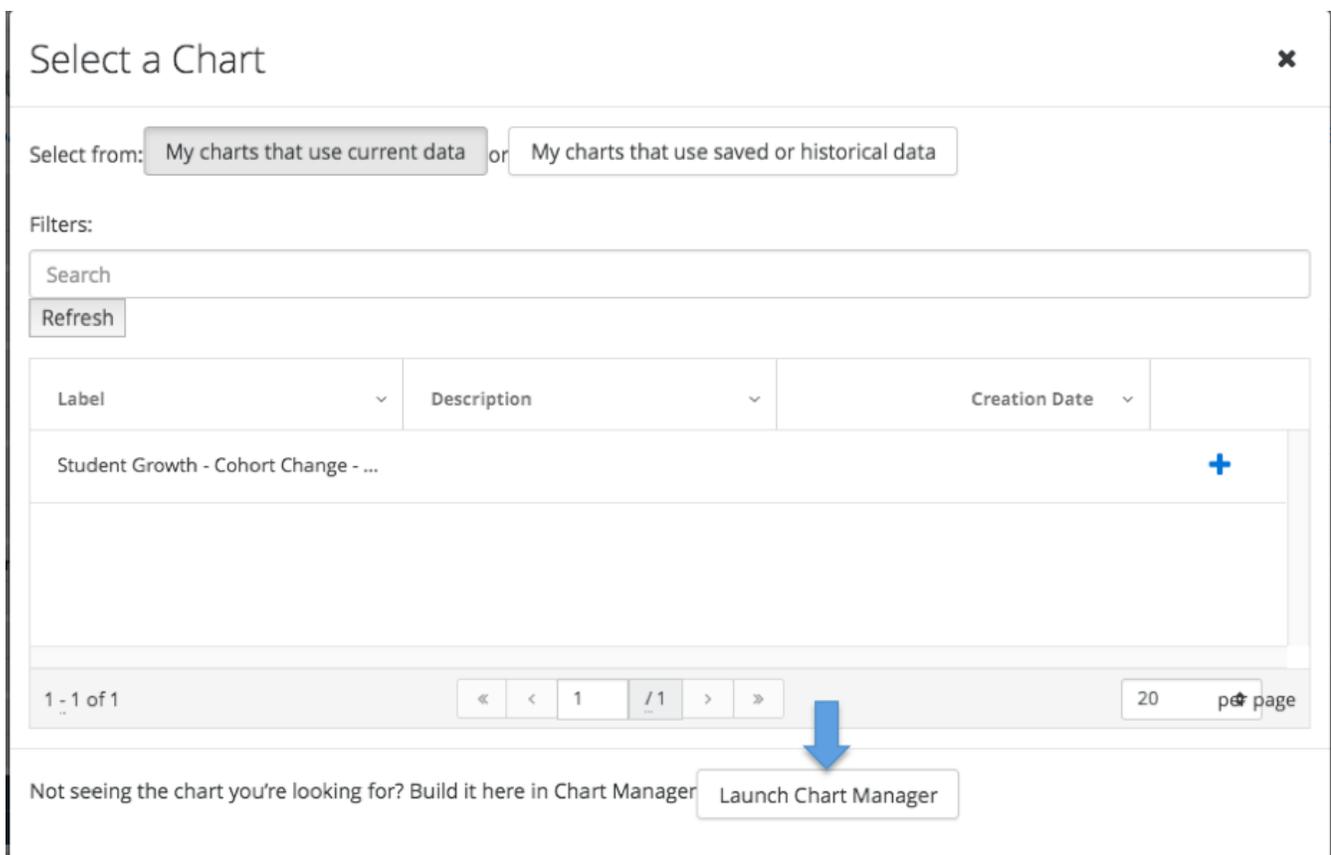

The screenshot shows a sidebar on the left with the following items:

- Observation / Evaluation (Due: Apr 27)
- Observations PGP Cycle (Due: May 31)
- Support Team Meeting (Due: Jun 1)
- Evidence (Due: Jun 1)**
- Self Evaluation

The main content area has two sections:

- WEB LINKS (0) with a plus icon.
- CHARTS (0) with a plus icon. A blue arrow points to this plus icon.

In the pop-up window at the bottom, click **Launch Chart Manager**.

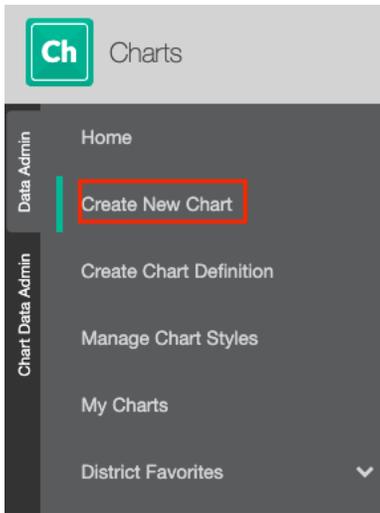

The 'Select a Chart' pop-up window includes the following elements:

- Header: Select a Chart (with a close 'x' icon)
- Selection: Select from: My charts that use current data or My charts that use saved or historical data
- Filters: Search bar and Refresh button
- Table:

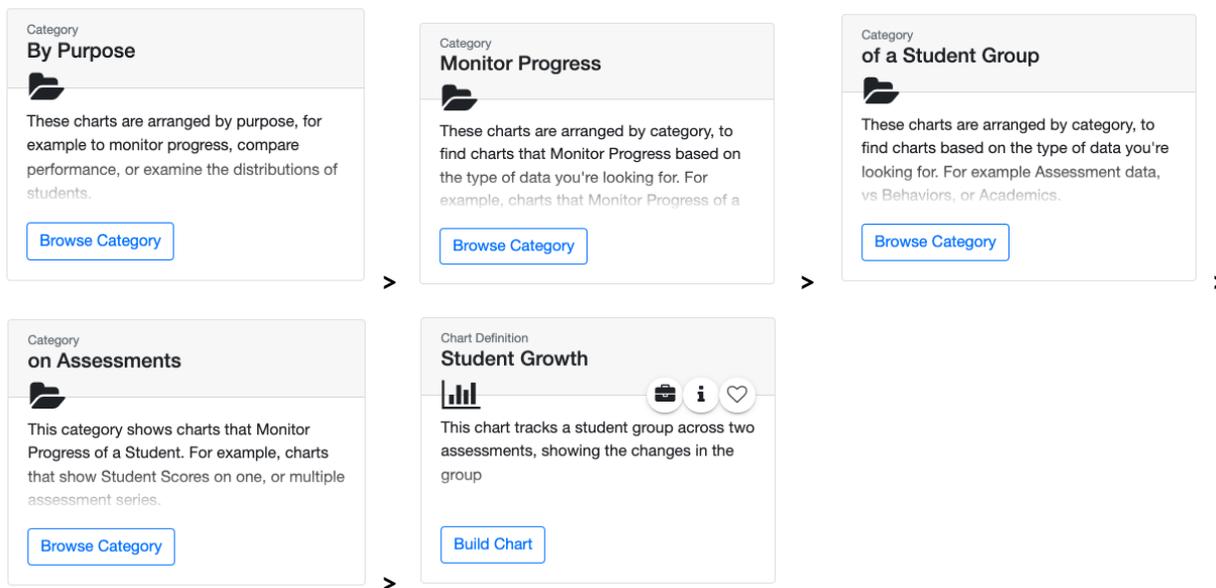

Label	Description	Creation Date	
Student Growth - Cohort Change - ...			+

At the bottom of the table, there is a pagination bar showing '1 - 1 of 1', navigation arrows, and '20 per page'. A blue arrow points to the 'Launch Chart Manager' button located below the pagination bar.

Click **Create New Chart** on the left navigation panel to access the Chart.

Click the Browse Category button under **By Purpose > Monitor Progress > Of A Student Group > on Assessments > Student Growth.**

Under **Student Group**, Select a Student Group from the pop-up window.

Click **Assessment 1**, search, and choose the 1st chronological assessment of the two assessments.

Click **Assessment 2**, search, and choose the 2nd chronological assessment of the two assessments.

Click **Render Chart**.

Once the chart has been rendered, under the **Action Gear Icon**, you have options to save the chart or download it. If saved, the charts and their selections will be available in the **My Charts** on the left panel of the **Charts Application**.
