

Monitoring Class Progress

In the ALE Application, the Monitor Class Progress table can be used to quickly see the status of class progress completion by month at a glance. Certificated Teachers can view assigned classes, while the Secretary and Program Manager roles can view all currently scheduled classes.

This page is under **Monitor>>Monitor Class Progress** in the Left Navigation menu for all three roles.

The resulting table includes the following columns: **Class Name**, **Certificated Teacher**, **Class Meeting Times**, **Class Terms**, and a column for each **corresponding month**.

A **Cheddar Triangle** will show if the class has students and not all of them have progress marked.

A **Green Circle** will show if the class has students and all of them have progress marked.

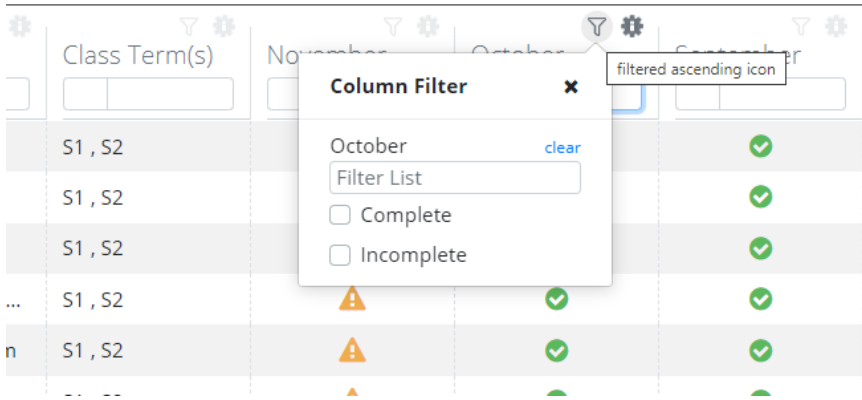

Two lines "--" will show if the class has no students enrolled.

You can hover your mouse over icons to see a fraction of **The total students with progress marked / Total students enrolled**.

The Certificated Teachers version of the table can click on the **Class** to open the **Monthly Progress** page for that class, and their table will default to Classes where they are the Certificated Teachers.

Filters at the top of each monthly column can be used to find classes for which progress is **Complete** or **Incomplete**.
