

## ALE Application Create SLP - School Year Must Have Configured Start and End Dates Error

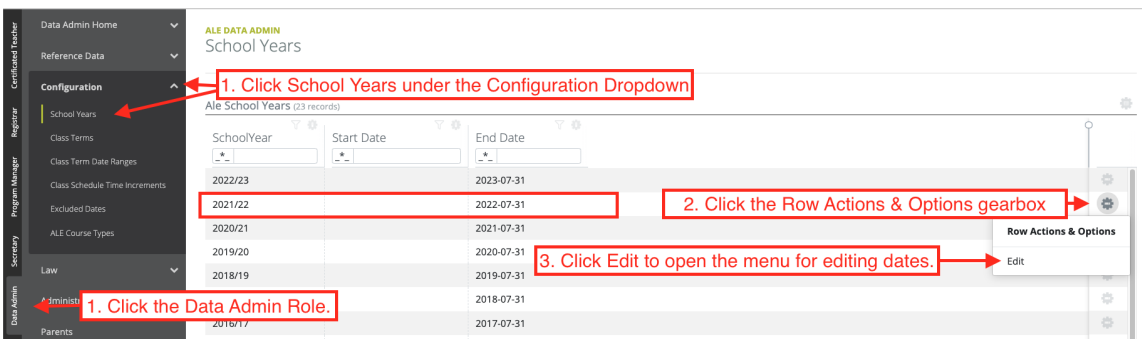

"The school year must have configured start and end dates to generate weekly contact requirements. Exiting" error occurs when the School Years table is missing dates for the year you are trying to create the SLP. Adding the Missing date(s) to the school year will resolve this error.

The school year must have configured start and end dates to generate weekly contact requirements. Exiting.

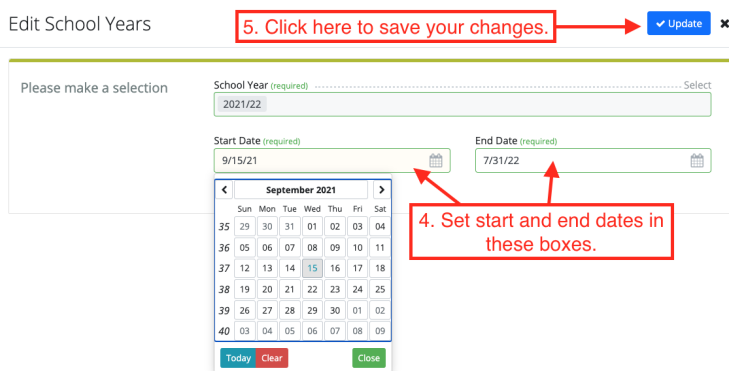

These dates can be managed from the **Data Admin Role**.

1. Click **Configuration** in the left navigation menu and choose **School Years**.
2. Click the **Row Actions & Options gear** for the School year you want to set up dates for.
3. Click **Edit** in the drop-down that appears.

SchoolYear	Start Date	End Date
2022/23		2023-07-31
2021/22	2022-07-31	
2020/21	2021-07-31	
2019/20	2020-07-31	
2018/19	2019-07-31	
	2018-07-31	
	2017-07-31	

4. Choose a **Start and End Date**.
5. Click **Update** to save your changes.

5. Click here to save your changes. → Update

Please make a selection

School Year (required) ..... Select  
2021/22

Start Date (required) 9/15/21

End Date (required) 7/31/22

4. Set start and end dates in these boxes.
