

ALE Application: Scheduled Classes - Grid View

In the ALE Application, the Registrar can view all Scheduled Classes in a grid view based on the district's period or planner settings.

In the **Registrar Role**, select **Courses/Classes** in the left-hand navigation menu and choose **Scheduled Classes**. Only the following two fields are required. Select the **School Year** and **Class Term** by clicking the checkmark in the pop-up window. Optionally, you may select Campus, Grade Level, Cert Teacher, and Classroom in the same manner. Once all the required fields have been completed, click **Set**.

A grid view will display, in either period or planner view, based on your district's settings.

Title (required) **Max Number of Students (req)**

Omit Class From Parent Displays Class Meeting is Optional

Average Hours of Study Per Week (optional)

Learning Credit Cost (optional) **Learning Credit Cost Per Meeting (optional)**

Grade Levels (required) 8th Grade x 9th Grade x 10th Grade x 11th Grade x 12th Grade x [Select](#)

Description (optional)
 Algebra 1 is intended to build a foundation for all higher level math classes. We will use a task based approach that leads to skill and efficiency by first developing understanding. There will be an in depth study of sequences, linear, exponential, and quadratic functions.
