

## ALE Application: Setting How Subject/Course Records are Affected when Cert Teacher on Student Learning Plan is Changed

The ALE application has a setting that will enable subject/course records to be affected in one of two ways when the Certificated Teacher assigned to a Student's Learning Plan is Changed:

- Teachers assigned to Subject/Course records do not change
- If the current Certificated Teacher on the plan is assigned to any subject/course records, they are updated to reflect the new Certificated Teacher on the plan when changed.

This task is completed on the **Program Manager Role** under **Settings** in the left navigation menu. Use the **Row Actions & Options gear** to select **Edit**.

**ALE PROGRAM MANAGER Settings**

Manage Settings (11 records)

Setting	Value	Row Actions & Options
Allow Parent Access to Waitlist	True	⚙️
Application User - ALE Program Access	True	⚙️
Create Ale Class Requests	False	⚙️
Create Class Default School Year	2023/24	⚙️
Default Ale Course Type for Subject/Courses	Remote	⚙️
Initiate SLP Default School Year	2023/24	⚙️
Learning Credit Monthly Allocation	25	⚙️
Show Library Links	True	⚙️

1 - 11 of 11 Page 1 of 1 50 per page

Choose **True** or **False** from the drop-down menu for the **SLP Teacher change updates subject/course** field in the resulting form. **True** will cause subject/course records to be updated when the Certificated Teacher on the plan is changed. **False** will cause subject/course records not to be affected by the Certificated Teacher on the plan being changed. Click **Update** when finished.

Edit Record

**Setting**  
Enabling "Application User - ALE Program Access" will restrict access to the application based on the current User - Program(s) configuration, which can be managed under the Program Manager role, at the Manage ALE Users table. It is not recommended to enable this setting until the configuration is deemed to be complete.
