

ALE for Parents: Taking the Class Interest Survey

In the ALE Application, parents can be given the opportunity to complete a survey indicating their interest in class offerings for the upcoming term or school year. If this is utilized in your program, you will be notified when the link is available in the left navigation after logging in.

Click on the **ALE Class Survey** link in the left navigation bar. Here, you will see a list of all the students you are associated with and how many “votes” they have each been allocated in the **Maximum Class Count** column.

The screenshot shows the 'ALE PARENT ALE Class Survey' interface. On the left is a navigation menu with 'ALE Class Survey' highlighted. The main area displays a table titled 'ALE Enrollment Survey Students (1 records)'. The table has three columns: 'Student Name', 'Maximum Class Count', and 'Selected Classes'. A single row is visible for 'Abney*, Izaac A.' with a 'Maximum Class Count' of 3. Red boxes highlight the 'ALE Class Survey' menu item and the 'Maximum Class Count' column header and value.

Using the **Row Action & Options** gear next to one student, choose **Select Classes**.

This screenshot shows the same table as above. A red arrow points from the gear icon (Row Actions & Options) next to the student 'Abney*, Izaac A.' to a dropdown menu that has appeared. The menu contains the option 'Select Classes'.

A form will open to choose the classes you'd like to vote for. Click **Select**.

The screenshot shows the 'ALE Parent Enrollment Survey For ALE Classes' form. At the top right is a 'Save' button. Below the title, it says 'Using classes from dev' and 'You may select up to 4 classes'. The main area is titled 'ALE Classes (optional)' and contains a large empty yellow box. A red arrow points to a 'Select' link in the top right corner of this box.

You will see a list of all available classes to vote for. You can use the **quick filter field** boxes at the top of each column to search and narrow down the results. You can also access more powerful filters by clicking on the **funnel icon** or **gear icon** at the top of each column.

Clicking the **blue hyperlink** in the **Description** column will open a pop-up window with the full description for the class. Click the **"X"** to close it.

Ceramics 1 description ✕

CERAMICS 1 provides students with the opportunity to develop a basic knowledge of ceramics, hand-building, and an introduction to wheelwork. The course encompasses all ceramics-related skills. Activities will be individualized according to the ability level of each student.

Click the **checkmark** next to the class you would like to choose. This will then be reflected as a number in **Your Selected ALE Classes** at the bottom of the page. At any time, review your selections by clicking the **View Selected** button. After selecting all your classes, click **Add ALE Classes** to save your selections.
