The **High School and Beyond Plan** is a graduation requirement for every student. It's a process for students, parents, and teachers to guide students through high school and think about their future. Plans are personalized and designed to help students set, visualize, and work to achieve goals.

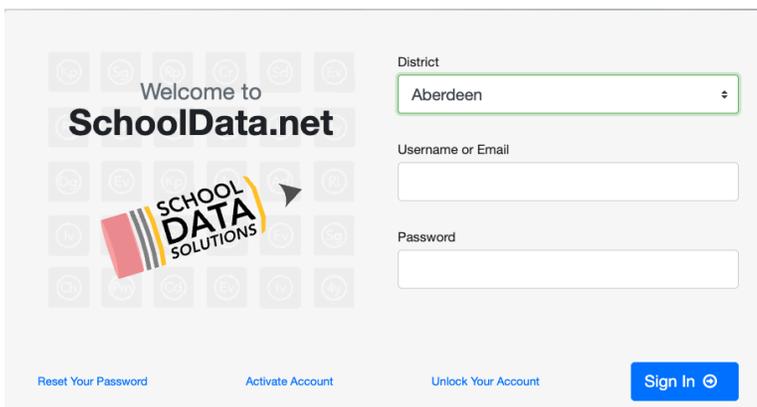

Our High School and Beyond Bundle contains many valuable features that allow students to investigate careers, take self-assessments to understand their personalities better and build their resumes to prepare them for the leap after high school.
