# Interventions - Group Plans Guide

Users can create individual Intervention Plans for a group of students. Group plans create a similar plan for each student within the group that can be managed individually.
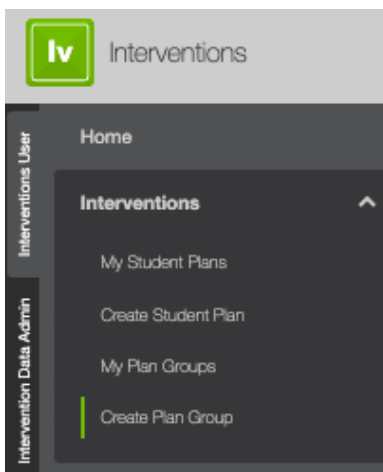

GETTING THERE

Log into the Interventions Plans application with the URL
[yourschooldistrictname].schooldata.net/V2/intervention-plans

OR from any SchoolData.net application. Locate the application bundles in the top right corner of the screen. Click on the Student Plans (SP) icon, Intervention Plans (Iv), and **Launch**.
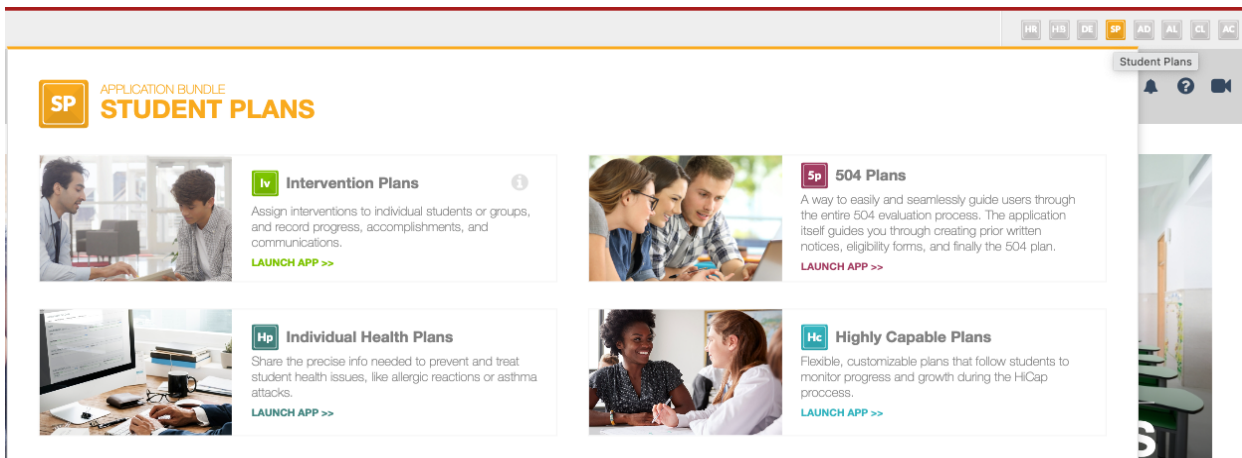

CREATING A GROUP PLAN

Creating a Group Plan allows users to create plans for a group or class of students while still being able to individualize each plan. From the left navigation screen, select **Create Plan Group**.

Details

Plan Group Label: Name the plan specific to the group of students you are creating the plans for.

Parties: Select the **Students or Student Group** the interventions are for and the **Responsible Educator** in charge. If applicable, select **Supplemental Educators** needing to see or be involved in the plan. Check the box to **Notify the Responsible Educator on Enrollment Change** if needed. Remember, the students you see are based on your role and permissions.

Enter a **Start/End Date** for the interventions. You can also add specifics in the **Detailed Schedule Information** section. Enter the **Check-In Frequency and Duration** for how often the student and educators will meet to monitor the intervention. A **Label** will be automatically generated. Edit and add a brief **Description** if applicable.

Click the blue **Save & Continue** from the drop-down menu in the top right corner.

Click **Next** to move to the next tab.

Students

The **Individual Student Learning Plans** are listed based on who was selected in the student group on the previous page. You can edit individual plans from this page using the **Row Actions & Options** Gear to the right. Click **Next** to move to the next tab.

Each column has an options gear that allows you to sort or filter out the information.

Goals

Select **Add Record**.

Select a **Goal Area** and a **Goal** for the plan. Multiple goals can be added to a single group intervention plan and then applied to specific students in the group.   If you would like to add a specific goal to a student(s), use the **Individual Student Plans** section. Click select then, click the check mark next to the student's name. Once complete, click **Add Individual Student Plan,** then **Add**. Leave this section blank if all students in the group plan qualify for each goal.

Goal Notes (optional)
The selected students will have both group goal and this individual goal.

All selected goals will then be displayed. Use the caret next to the Goal Area to expand the section on the goal. Use the **Row Actions & Options** gear to add a **Progress Log**. Since group plans allow for individual plans to be managed, educators can add Progress Notes to each goal throughout the year for students. The progress log will display when expanding the goal section. Click the **Next** button to move to the next tab.
