

## ALE Release Notes : April 17, 2020

### New Features

1. Removal of "Choose Your Role" Screen: User roles now displayed as tabs in left navigation menu
2. Add ability to record grades and credits per term on a single subject/course record without updating course participation status
3. Add ability for parent to propose a course, then submit to certificated teacher to approve and add to Student Learning Plan
4. Record and surface SMS Texts sent on "SMS Phone Log" tab under "Contacts" in Manage Student Interface
5. New Student Role in Application: view only access to Student Learning Plan
6. Add ability to copy all "In Progress" courses at close of one year, to new Student Learning Plans for following year either on a course by course basis or en masse for all plans

### Configurations/Updates

1. Returned text box search function at top of data tables where possible
2. Update "Enrollment Percentage" Field on Details tab of Student Learning Plan to editable text box and relabel
3. Updated ability to Mass Copy Classes from one or more terms in the current year to one or more terms in a different year
4. Further Updates to "Manage Enrollment Percentages" screen on Secretary Role:
  - a. Surface "FTE from SIS" field
  - b. Update "Enrollment Percentage" field title to read "Estimated Enrollment"
  - c. Surface monthly FTE Totals per student
5. Further refinements to new feature: Pull Course Enrollments from SIS to surface as Subject/Course record on Student Learning Plans
6. Update configuration on parent view of Student Learning Plan so that which tabs/screens displayed can be individualized by program
7. Add "Learning Credits Cost" field to Class Details Tab
8. Once overall Monthly Progress Determination has been made, lock ability to change Progress by Class and Progress by Course

### Bug Fixes

1. Update "Completed" tally in Assign Earned Credits to Graduation Requirements section so it does not include "in progress" credits

### District Specific

1. Deer Park:

- 
- a. Add New Contact Type "Direct Personal Contact - In Person" to available Contact Types
  2. Battleground (Summit View):
    - a. Add "In Progress" option to "status" field on Intervention Plan
    - b. Add editable text box to Intervention Plan to capture "version" and update printed document to display
    - c. Additional updates to printed version of Intervention Plan
    - d. In Secretary Role, add "Monitor Intervention Plans" screen filtered to any Incomplete Plans with row action gear to add a "Student Alert"
  3. Monroe
    - a. Remove ability for certificated teacher to delete a course
  4. Arlington
    - a. Add grades and gradebook viewer from Skyward to the Student Spotlight
  5. Quilcene
    - a. Update approved curriculum list with newly submitted version
    - b. Update Monthly Progress tabs to display using Course Names rather than State Course Codes
