ALE Release Notes : Aug 14, 2020

New Features

1. Ability to schedule classes by Quarters in addition to Semesters
2. Further Development to Library
   a. Display list of all checked out items
   b. Add due date and replacement cost field
   c. Display list of checked out items per student on Manage Student Interface
3. New column on Monitor Weekly Contact for Program Manager/Secretary that surfaces number of consecutive school days with missed weekly contact
4. "Complete" button so parents can submit monthly progress and new "!" icon indicating progress submitted on Monitor Monthly Progress for Certificated Teacher
5. Ability to activate one or more parent accounts with new procedure on "Manage ALE Users" page
6. Wait List function added for scheduling classes (currently only on Registrar role - will introduce option to add to parent role on a future release)
7. For programs using "Classes from SIS" feature, ability to identify course associated to each class before copying to SLP
8. Ability to set "Home" page preference per user, per role in ALE Settings menu via Application Actions and Options Menu
9. Ability to surface and select data settings when running a report (year, term, student group, etc.)
10. "Email List" feature on Certificated Teacher role that allows for creating email lists of parents or students in various combinations
11. New "ALE Families" page on Secretary and Registrar roles
12. Ability to track ALE logins through SDS Admin site

Configurations/Updates

1. Updated logic when student un-enrolls from a class to capture a withdrawal date, retaining all attendance and monthly progress data
2. After start of school year has passed, default Student Learning Plan start date to the date plan is initiated
3. The deletion of a Course is now prevented if it is tied to subject/course records on Student Learning Plans
4. Update "Hours on Plan" column in "My Student Learning Plans" view to calculate totals for both courses with null participation status and that of "In Progress"
5. When Scheduling a class from Course utilizing the "Scheduled Classes" tab, Course description is copied into Class Description
6. Update standards selector (on course) to have checkbox grade levels and state subject areas

7. Add filters to "All ALE Users" table to prefilter to subdomain and current year staff, students and parents
8. Relocate Supplemental Teachers box on Create Class to People Section
9. Intro page added for parent role (new dropdown for Summary page)
10. Update RCWs/WACs per OSPI reclassification
11. Update names of fields in Course, Subject/Course and Monthly Progress for consistency
12. Filter Cert Teachers by subdomain on Initiate SLP, Course Details, Class Details
13. Add "Students" tab to Manage Class interface that lists students enrolled and on wait list where registrar can enroll students directly into class
14. Further development to Learning Credits Feature
    a. When student registers for a class that has a learning credits cost, total is automatically applied to their ledger
    b. On Allocate Learning Credits - add FTE column and Running Start
    c. Add Manage Learning Credits page to secretary role
    d. Add new fields for each ledger record: PO number, completed, Class Name, text box
15. Update the generic error message to display when a user has opted out of SMS Text Messages
16. Make month name clickable to open Record Monthly Progress Screen
17. On the Secretary Role in All ALE Students, on the Schedule Tab, can now print student schedule via the page action gear.

Bug Fixes
1. Update clone class function to include: Learning Credits, Supplemental Cert Teacher and Estimated Hours
2. Configure "Update WSLP Subject Courses" to apply to only current year SLPs with Participation Status of "In Progress" or "null"
3. Added a save icon that appears after editing Objectives list in create course interface
4. Update logic so a student displays in Class Monthly Progress list only once, even when enrolling in the class multiple times
5. Update enrollment count for Classes to exclude withdrawn students
6. Configure timestamp on SMS text feature to correctly display time message sent
7. Update "Grades" tab on Manage Class to include only students enrolled/approved

District Specific
1. Bellingham
    a. Further updates to create course interface
2. Deer Park
    a. Include logic to prevent parent class enrollment changes 14 days after the start of the term
3. Edmonds

      a. Finalize "Process Enrollment Requests" feature

      b. Only allow parents to use proposed course templates and prevent renaming

4. Quilcene

      a. Set a default contact type and statement

5. Battleground

      a. Introduce "Goals for Success" printable document
