

ALE Release Notes : January 22, 2021

New Features

1. New Column on Manage Attendance for more nuanced attendance determinations - excused/unexcused, online/in person (configurable per program)
2. New configurable "Parent Class Interest Survey" to gather information about parent interest in classes for upcoming term/year
3. Added ability for Secretary or Certificated Teacher to record missed weekly contact with "valid justification" per new ALE Truancy Guidelines
4. New Data Admin table for establishing State Course Code-SIS Course Code-Grade Level association for use in subject/course creation (when multiple course codes associated to one course)

Configurations/Updates

1. "Count on Waitlist" column surfaced for Registrar in "All Classes" table for monitoring Waitlists
2. Registrar given ability to edit Time Commitment, Annual Growth, Concurrent Enrollment and Notes sections on the details page of any SLP
3. Left-right scroll bar added to "Ale Class Attendance Report" Data Table
4. Inactive Families removed from Email Lists
5. Updates to preserve formatting of syllabus and class description when in the course/class details modal
6. When updating Subject/Course Records with "Completed/Dropped/Withdrawn/In Progress" status, date autofills to today's date
7. Add "View Timelines" option per subject/course record on SLP for Registrar
8. When creating a class based on a course, default teacher is copied in as a default

Bug Fixes

1. Can now remove Default Certificated Teacher in manage Course details
2. Mass Copy Classes by Year now creates meeting schedules for new year rather than retaining prior meeting schedules
3. Support Staff Name(s) again displaying in course/class details modal
4. Progress By Course table can be viewed for prior months
5. "Save" button restored on Create Plan on Registrar Role
6. "Review" Weekly Contact row action restored for Program Manager
7. Reinstate Logic that sets Learning Plan status to unapproved when significant changes are made to Details Page
