

Sub-Group Comparison V2

Subgroup comparison functionality in Homeroom allows users to delve deeper into assessment data by breaking it down across various demographic or programmatic subgroups, such as race/ethnicity, gender, language, and specific programs. This feature is instrumental in identifying disparities or patterns in performance that may exist among different student groups.

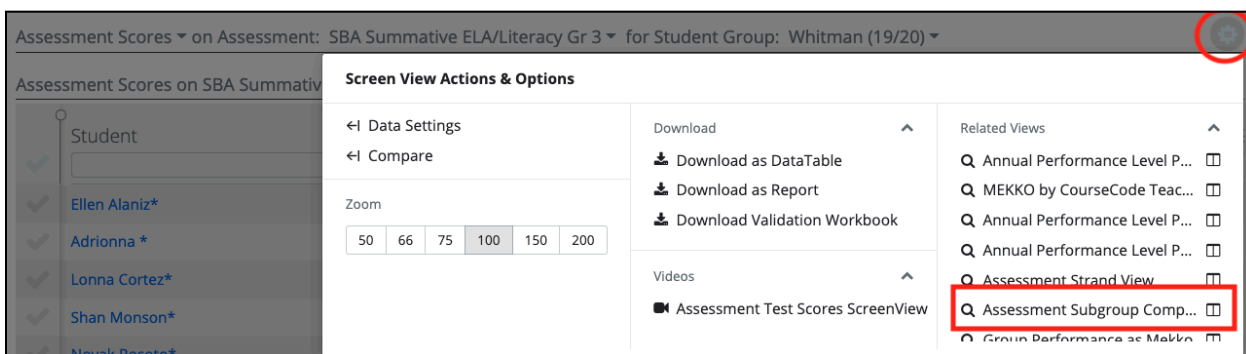

Accessing Subgroup Comparisons (V2)

Method One: Within a Dashboard Container

1. Start within a container on the dashboard, typically viewing a **Performance Level Chart**.
2. Use the **Screen View Actions and Options Gear** in the upper right corner and select **Assessment Widget: One Test** corresponding to the assessment of interest. **Note:** Hovering over shortened names displays the entire name of the assessment.

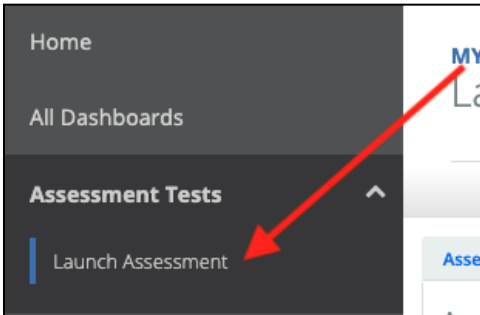

3. A detailed One Test Assessment Chart will be displayed.
4. Again, use the **Screen View Actions and Options Gear** from the One Test view and choose the option to display the **Subgroup Comparison** chart.
5. The Subgroup chart, initially showing data for race/ethnicity, will be presented.

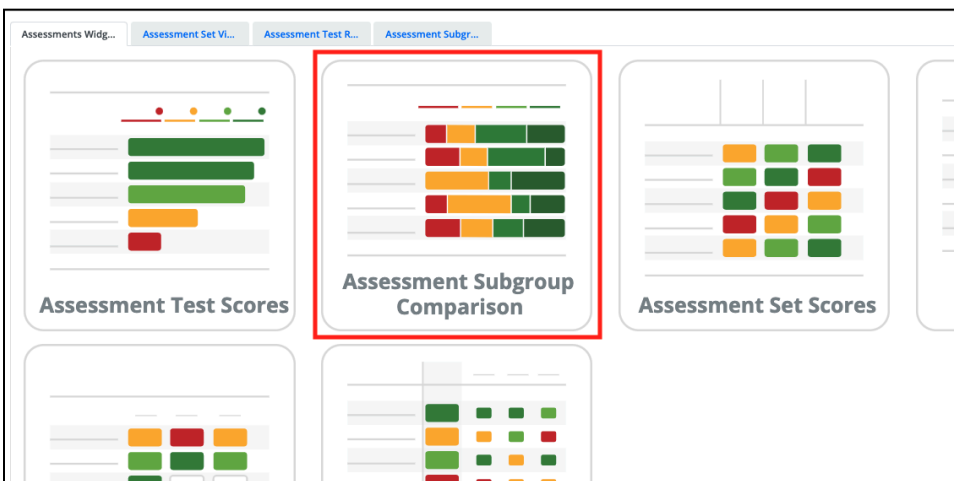

Method Two: From the Launch Assessment Menu

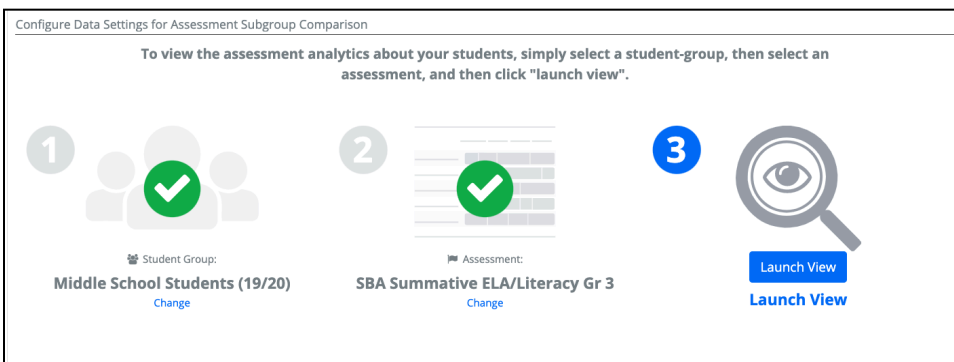

1. Start under **Assessment Tests** in the left navigation menu and choose **Launch Assessment**.

2. Select the **Assessment Subgroup Comparison** tile.

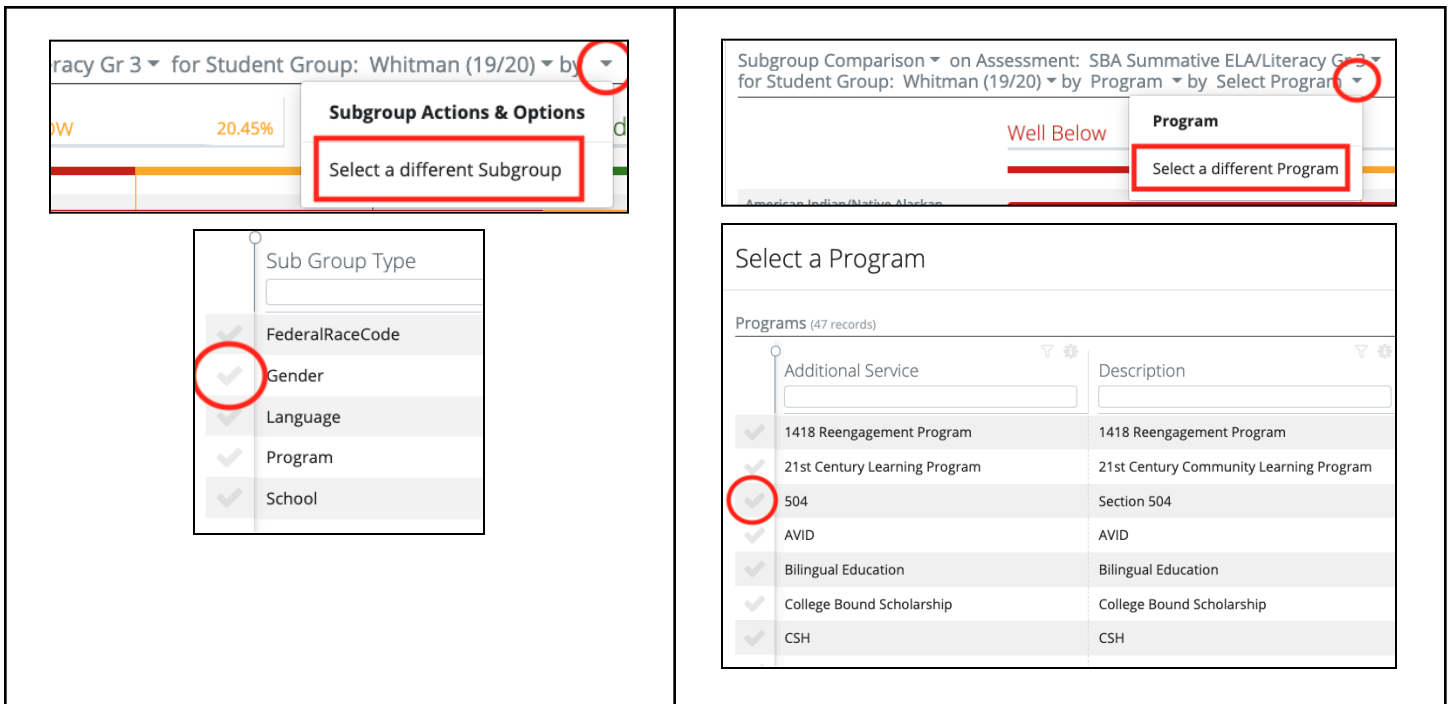

3. A simple three-step process appears. Select the desired **student group** and **assessment** for comparison, then click **Launch View**.

4. The Subgroup Comparison chart for race/ethnicity will appear.

Accessing Additional Comparisons

1. Utilize the dropdown arrow to **select a different subgroup** category, then click the **checkmark** to the left of the chosen subgroup. FederalRaceCode, Gender, Language, and School appear automatically when selected; However, the **Program** requires an additional step.
2. When a user selects **Program**, the chart's title changes. The user can then select the specific program of interest using the dropdown arrow and click **Select a different Program**. To do so, click the **checkmark** on the left for the desired program.

The image consists of two side-by-side screenshots illustrating the user interface for selecting a subgroup and then a program.

Left Screenshot: Shows the 'Subgroup Actions & Options' panel. A dropdown menu is open, listing 'FederalRaceCode', 'Gender', 'Language', 'Program', and 'School'. The 'Gender' option is highlighted with a red circle. Below the menu, a red box highlights the 'Select a different Subgroup' button.

Right Screenshot: Shows the 'Subgroup Comparison' panel. The title is 'Subgroup Comparison on Assessment: SBA Summative ELA/Literacy Gr 3 for Student Group: Whitman (19/20) by Program'. A dropdown menu is open, listing 'Well Below' and 'Program'. The 'Program' option is highlighted with a red circle. Below the menu, a red box highlights the 'Select a different Program' button.

Bottom Screenshot: Shows the 'Select a Program' panel. A table lists 47 records of programs. The 'S04' row is highlighted with a red circle. The table has columns for 'Additional Service' and 'Description'.
