

Homeroom Dashboards Student Spotlight V2

Accessing a Student Spotlight

You can access a student spotlight in the following ways.

1. Start under Home in the left navigation menu, choose **Find a Student**, and click **Get Started**. Select a search attribute. (Student Search, Find Students by Teacher, by School, in District)

FIND A STUDENT

Review comprehensive data on an individual student in a detailed Spotlight view.

GET STARTED!

Find a Student ✕

FIND A STUDENT

Examine each student's individual detailed data points by viewing a comprehensive all-in-one spotlight for each student.

Each educator has their own particular methods for finding students. Whether you're wanting to search for students individually, group students by **your** attributes, group students by **their** attributes, or group students by a **coworkers** attributes, School Data Solutions offers you a variety of options for finding students.

Student Search
You will be able to search for students by **their** individual data attributes.

Find Students By Teacher
You will be able to search for students associated to a **selected** teacher (or class).

Find Students By School
You will be able to search for students associated to a **selected** School.

Find Students In District
You will be able to search for students associated to the district utilizing **selected** student group filters.

2. Navigate to the relevant dashboard chart, identify the specific column, and click on the column to display a list of students associated with it. Hover over the picture of the student and click the magnifying glass to access the student spotlight.

Category	Percentage
Category 1	83.85%
Category 2	74.38%
Category 3	86.93%

Days Of The Year

Schedule

The course schedule provides a comprehensive view of a student's classes for the current school year. The container does not display classes that have been dropped.

Each course is in a block format, organized by grading term and period.

- Term
- Period and Days the class meets
- Room Number (hovering over it reveals the school associated)
- Course Name/Code
- Teacher's Name
- Grades
- Credits

NOTE: The gradebook viewer pulls data from Skyward's gradebooks. It is important to note that the gradebook grades and course history grades are separate data sets and may not always align. Teachers in Skyward must post actual grades. Teachers can change grades after posting, which may lead to discrepancies.

Hover over the "Cur" (current grade) to see Midterm Grades. Once the final grade is posted, the class term grade replaces the current grade and is no longer designated "Cur."

Gradebook

Gradebook provides a detailed look at a student's assignments and suggested progress grades for each course. Grades come from Skyward's Gradebooks. The grades displayed are calculated based on completed assignments and should not be considered final. Teachers in Skyward must post actual grades. Teachers can

change grades after posting, which may lead to discrepancies. The gradebook viewer grades differ from those listed in the schedule spotlight, as they originate from separate data sets in Skyward.

Each assignment includes:

- Date of completion
- Details of the assignment
- Score achieved
- Color-coding for quick visual reference

Click the Action Gear in the top right corner for the following functionalities:

- **Data Settings:** Adjust the School Year
- **Display Options:** Customize how assignments and grades are shown.
- **Download it as a data table or report** for further analysis or sharing.

The screenshot shows a 'Student Gradebook' interface for the 2022/23 school year. The main area displays 'SEMESTER 1 OF 2 ASSIGNMENTS' and 'SEMESTER 1 OF 2 GRADES'. Below this, a table lists assignments for 'English 9 I' with columns for 'Due', 'Assignment Details', and 'Score'. An 'Action Gear' icon is circled in the top right corner of the main area. To the right, a 'Display Options' sidebar is open, showing sections for 'Gradebooks', 'Assignment Status', and 'Semester 1 of 2'.

Due	Assignment Details	Score
11/01/22	Essay Organizer	Missing 0/8
10/14/22	CH.5-6 Paragraph	Missing 0/4
10/08/22	Squealer Speech	Missing 0/4
10/07/22	Ch.3	Missing 0/4
10/03/22	Ch. 2	Missing 0/4
09/28/22	Propaganda Project	3/4
09/26/22	Annotations	Missing 0/4
09/19/22	Gallery Walk	3/4
09/16/22	Project Plan	3/4

Assessment

Test scores are displayed based on specific criteria related to the status of the assessments. A test score will be visible if the assessment is currently active or has an active strand with a score. If the **Show Inactive Assessment Tests** is checked, all assessment tests with a score will be displayed regardless of their active status. The district determines which assessment tests are flagged as active.

Click the **Action Gear** in the top right corner for additional settings:

- **Data Settings:** Change the School Year.
- **Display Options:** Customize how data is displayed. By default, the data is displayed by school year, then the date taken within the school year. Display options are not saved for future sessions; you must set them each time you access the Student Assessment Container.
 - Display assessments by subject area.

- Show inactive assessments.
- Exclude assessments taken during specific school years.
- Exclude assessments related to certain subject areas.
- Toggle assessments by a specific scope.

Observations

Manage observations recorded by teachers or administrators about a student.

Click on the Action Gear in the top right corner for the following options:

- **Data Settings:** Change the School Year.
- **Manage Observations:** Access and edit existing observations.
- **Download as Report**

Click **Add Observation** to create a new record. Fill in the details. (subject, observation, date, time, observer name).

Student Details Manager Observations (1 records)

Subject	Observation	Date	Time	Observer First Name	Observer Last Name
Test	Testing observation	November 8, 2022	10:23 AM	ter.larew	ter.larew

Observations of [redacted] in 2022/23

+ Add Observations

Behavior (PBIS or SWIS)

It is crucial for tracking student behavior and responses. Referral data includes titles, dates, referring persons, descriptions, and resulting actions related to student behavior. This information can be entered directly or migrated from third-party applications like SWIS. Use the student group widget to filter and view groups based on referral data. Note: the referring person's name will only appear if they are a district employee.

Click on the **Action Gear** in the right-hand corner to **download it as a report**.

Student Learning Plan (SLP)

Individual plans are essential for addressing the needs of students who are either highly capable or struggling in one or more subject areas. These plans cater to students with varying needs, ensuring tailored support for those who excel or face academic challenges.

Click on the **Action Gear** in the right-hand corner for other **Data Settings** (School year) options.

Student Graduation Requirements (CIA/CAA)

Track and verify the academic credentials that students have achieved. Indicate if a student has met the Certificate of Individual Achievement (CIA), Certificate of Academic Achievement (CAA), and/or Diploma requirements.

Click on the **Action Gear** in the right-hand corner to **download it as a report**.

Graduation Pathways

Track whether students have fulfilled the necessary pathways for graduation as set by OSPI. Indicate if a student has met the OSPI Graduation Pathways requirements Certificate of Individual Achievement (CIA), Certificate of Academic Achievement (CAA) data, or Graduation Alternatives.

Click on the **Action Gear** in the right-hand corner to **download it as a report**.

Accomplishments

Display Educational Milestones related to a student's educational journey. This provides insights into key academic achievements and progress markers.

Click on the **Action Gear** in the right-hand corner for other **Data Settings** (School Year) and to **Download as a report**.

Health

Display health information related to students, which includes important health records and data such as immunizations, medical conditions, and health screenings.

Click on the **Action Gear** in the right-hand corner for other **Data Settings** (School Year) and to **Download as a report**.

Custom Attributes

Display information manually loaded by the district. Potential options include boundary exceptions, jumpstart, continuously enrolled status, college-bound scholarship, gifted program details, assigned counselor, community service hours, etc. Attributes may be either year-specific or non-year-specific, providing insights into student circumstances and opportunities.

Click on the **Action Gear** in the right-hand corner for other **Data Settings** (School Year) and to **Download as a report**

Documents

Allows users to upload files associated with a student. Common File types accepted for upload include Word, Excel, image files, and PDFs. Documents are stored in the Student Data Manager.

Click on the **Action Gear** in the right-hand corner for other **Data Settings** (School Year) and to **Manage documents** (upload, edit, or delete documents).

Additional Services

This feature encompasses various data points related to student status and support programs. Including Military Family Status, Free and Reduced Lunch Status, Special Programs (HiCap, Special Ed., 504, Bilingual Ed, Title), ELL Data (instructional Model, Initial WA Placement Test Date, Placement Test Code, Placement Test Date, Grade Level at Placement, Placement Test Score, Placement Level, Exit Reason, Tested Out in another District.

Enrollment

Displays enrollment history within the district.

Discipline

Titles, dates, descriptions, and resulting actions of a student offense.

Click on the **Action Gear** in the right-hand corner to **download it as a report**.

Activities

List names and descriptions of a student's activities for the current school year.

Graduation Tracker

Graduation Progress monitoring. Includes Requirements, Credits (Required, Earned, Completed, Manual, Scheduled, Planned, Needed), Status, Requirement Type, Reporting Type
