

Key Performance Indicators V2

KPIs can be accessed by navigating to the **KPI App** within the **Data Extracts Bundle**, clicking "**Launch App**," and then selecting "**Browse KPI**" from the left navigation menu.

Next, browse to find a chart of your choice and click [Browse Category](#). Ultimately, the district determines what content to present to users on this page.

Percent of Students at or Above 90% Attendance

The KPI's here in display the percent of students at the district who are at or above 90% attendance over multiple years with different sub-groups

Browse Category

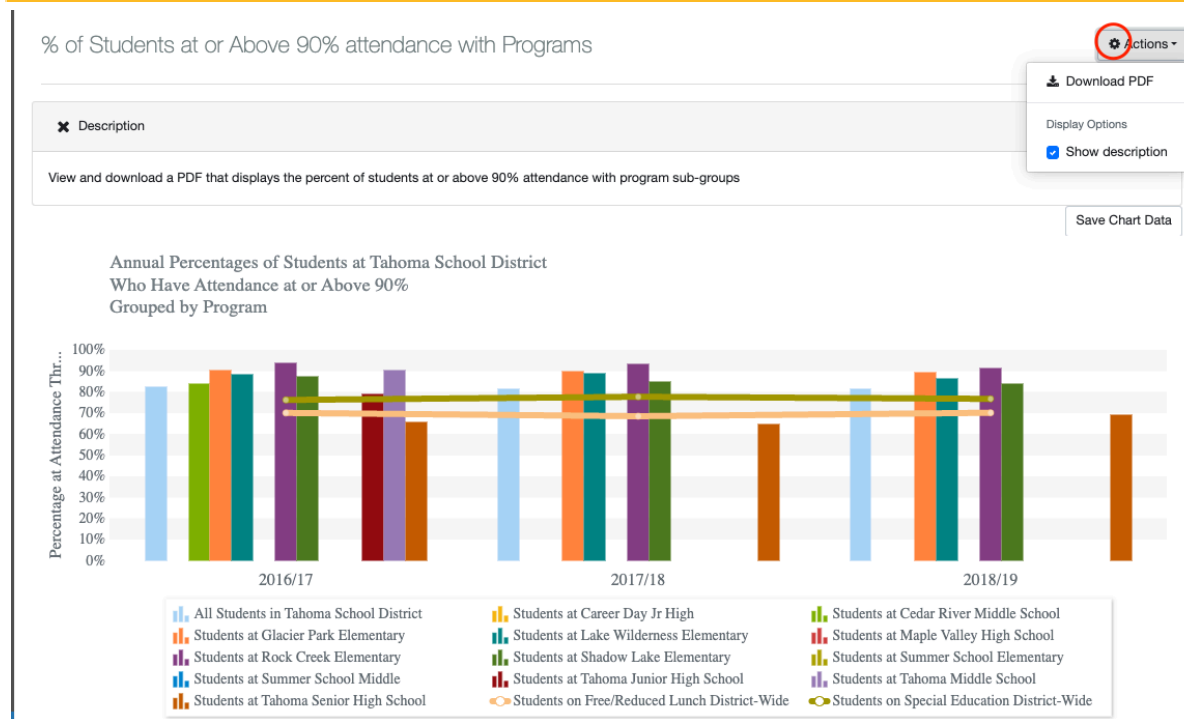

You will find individual key performance indicators (KPIs) within each category. Once you've identified a KPI that meets your needs, the next step is to click 'Build KPI'. This will render a view of the indicator.

% of Students at or Above 90% attendance with Programs

View and download a PDF that displays the percent of students at or above 90% attendance with program sub-groups

Build KPI

Finally, an **Action Button** allows the user to download a PDF, change the display options, or save the chart data.

The downloaded PDF Package will contain the following:

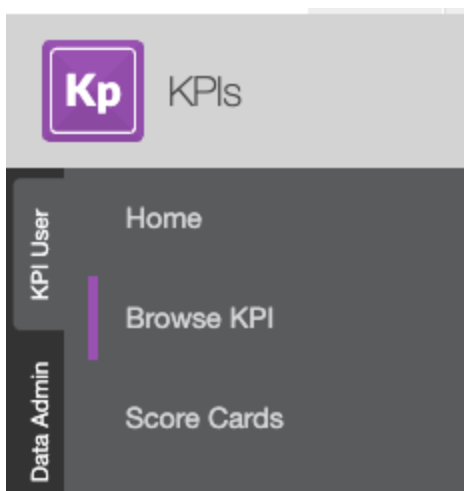

- Title Page
- Table of Contents
- Chart with Metrics

If you are interested in this feature for your district, please contact your Customer Support Agent or email support@schooldata.net.

Key Performance Indicators GPA Averages by Program V2

The GPA Averages by Program extract displays the average grade point average (GPA) of students in a group, broken down by a particular Service.

Navigate to the **Key Performance Indicators** Application and click on **Browse KPI** on the left navigation screen.

Click **Browse Category** under **Average GPA**.

Average G.P.A.

The KPI's here in display the average G.P.A. of students in the district with different sub-groups

[Browse Category](#)

Click **"Build KPI"** under **"Average GPA with Programs"** to view and download a PDF that displays the average GPA with program sub-groups.
