CLASSROOM
Classroom Release Notes - 2021.11.05

Introduction

Overview

The following document will highlight the various improvements and updates that we have made to our Classroom application. This includes a total of four new features, one improvement, and five bug fixes.

<https://schooldata.net/suite/applications/classroom/>

Highlighted Features

Two new Question item types have been created for surveying students. Survey Multiple Choice allows each answer selection to be assigned a point value. For younger students, Survey Smiley assigns -1 point to frown, 0 points to neutral, and 1 point to happy.

Question #2

How are you feeling today?

Question #1

How are you feeling today?

- A. Terrible
- B. Okay
- C. Unsure
- D. Good
- E. Great

New Features

CLASSROOM-2317

Create a new question type - Survey Multiple Choice question.

CLASSROOM-2318

Created new question type - Survey Smiley Rating question.

CLASSROOM-2342

Added "Hide from Student" option to Assignment Templates.

Improvements

CLASSROOM-2334

Updated Assignment Template's Scoring Symbols to 10 character limit.

Bugs

CLASSROOM-2327

Resolved issue adding Questions when creating an Interview Assignment.

CLASSROOM-2328

Improved Assignment Bank list pop-up window to advance through pages correctly.

CLASSROOM-2331

Continued work on new Survey Multiple Choice point values.

CLASSROOM-2337

Updated managing Assignment Passages to fit the screen correctly for access to the toggle option.

CLASSROOM-2343

Resolved issue saving Survey Multiple Choice answer selection points.
