

High School & Beyond Release Notes - 2022.1.14

Improvement

FRS-215

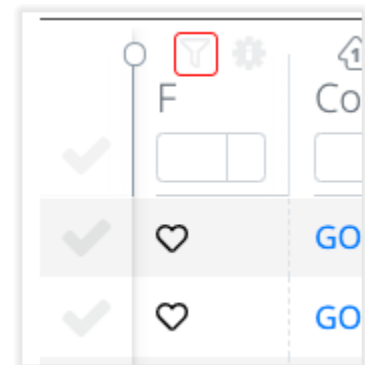

We have expanded one of the indicators for the Future Ready Skill, Collaborative Teammate. SPACE is now defined as Silence, Paraphrase, Accepting language, Clarifying questions, Evidence.

The screenshot shows a form with two text input fields. The first field is partially filled with the text "I build on the thinking of others...". A dropdown menu is open over this field, displaying the text "I practice SPACE (Silence, Paraphrase, Accepting language, Clarifying questions, Evidence)". The second field is empty and has a dropdown arrow on its right side. A mouse cursor is pointing at the second field's dropdown arrow.

FYP-621

Favorite column in FYPs expanded

When students are selecting courses to add to their Four Year Plans, students will now see the Funnel Icon automatically, rather than having to expand the column to see it

HSB-379

Add Student Grade Level and Grad Year to Student Completion Page from Student View

Completion: **Student Name** - 10th Grader - 2024

High School and Beyond ▾ Career Planner ▾ Four Year Plan ▾ Future Ready Skills ▾

Task

HSB-374

New HSB Data Table of HSB Task Messages. Now Educators are able to download the messages added to Students on their High School and Beyond Task Page. The Data Table will included messages sent by both Educators and Students
