

STUDENT DATA GRIDS Release Notes - 2022.2.25

Introduction

The following document will highlight the various improvements we have made to our application Student Data Grids, located in our application bundle “Dashboards and Distributions”.

<https://schooldata.net/suite/applications/student-data-grids/>

Overview

Changes include:

- 3 [New Feature](#)
- 2 [Improvements](#)
- 1 [Configuration](#)
- 1 [Bug Fix](#)

New Feature

SDG-1024

Add new Special Ed fields as options to add to a SDG. Data received from each district is unique and may vary from district to district.

SDG-1016

Adding ALE Certificated Teacher to Student Data Grids.

SDG-1014

Support new column in Data Grids for FTE

Improvements

SDG-1036

Add ability for some Student Data Grids to be seen by All Users

SDG-1008

Mercer Island: Adding SPED Services codes to Data Grids. Data received from each district is unique and may vary from district to district.

Configuration

SDG-1018

Add District Email option to Student Email column

Bug Fixes

SDG-1037

When trying to add Teachers of Classes as recipients, the Apply icon does nothing
