

Managing Risk Indicators

Here, you will learn to manage risk indicators.

My Risk Indicators

Here, you will learn to view the risk indicators you have created.

1. Start by navigating to **My Risk Indicators** in the left navigation menu.
2. Click the **magnifying glass** in the **Configure** column to view the risk indicator.
3. Click the **Row Action Gear** to the far right to **Configure, Recalculate, or Delete**.

My Risk Indicators

Risk Indicators owned by Teri Larew* (excluding district level indicators)

Configure	Label	Description	Code	Is District Level	Row
	Teri Larew - 1st Student Ri...	Sample	TLSRI	No	

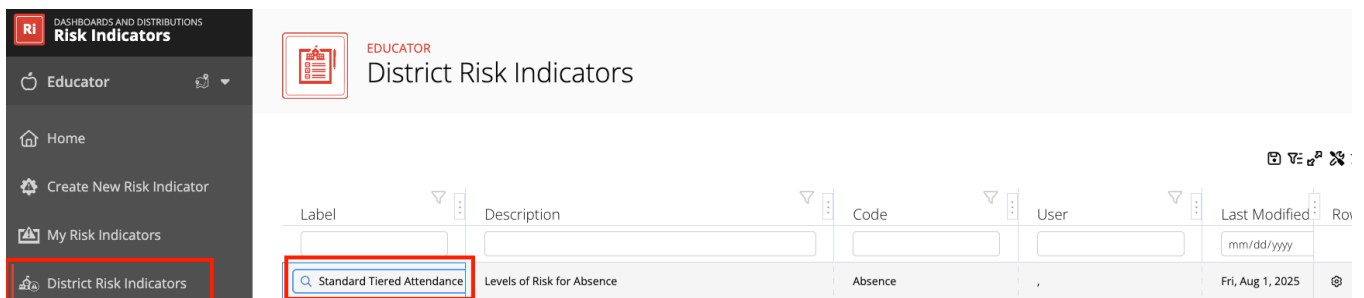

Row Actions and Options

- Configure
- Recalculate
- Delete

District Risk Indicators

Here, you will learn how to view district risk indicators.

1. Start under **District Risk Indicators** in the left navigation menu.
2. Click the **magnifying glass** in the **Label** column to view the configured risk indicator student summary or student results.
 - a. **Student Summary:** Examine your overall indicator status and student count.
 - b. **Student Results:** Examine your overall risk calculation and risk value to determine the high and low values for overall risk as you finalize the configuration of your risk indicator. Pay attention to your risk level and at-risk designations.

Student Risk

Here, you will learn how to select one of the many Student Risk Indicators to display in a summarized form.

1. Start under **Student Risk** in the left navigation menu.
2. Click the **Edit** button to the right of the page title.
 - a. Click the **magnifying glass** in the **Data School Year** field, click a **checkbox** to the left, and click **Accept**.
 - b. Select the **Student Risk Indicator** field similarly.
 - c. Optionally, select additional **Student Filters**.
 - d. Click **Save**.

Indicator Status	Student Count
Tier I: Little Risk	0 0%
Tier I: Little Risk	3574 92%
Tier I: Some Risk	292 8%
Tier I: Some Risk	0 0%
