Comprehensive suggestions are hard-coded based on WA State logic\*

- First suggestions are made for the **Preliminary Summative and Student Growth Impact**.
- Second, when selections are made, a **Final Summative Rating** is suggested. If needed, the corresponding **Require Student Growth Inquiry** and **Require Plan of Improvement** are suggested.

<b>Summative Rating</b>			
The sum of all eight criterion scores			
8-14	15-21	22-28	29-32
U	B	P	D*

<b>Student Growth Impact Rating</b>		
The sum of all five student growth components from criteria 3, 6, and 8		
5-12	13-17	18-20
Low*	Average	High

**Final Summative Rating**  
The result of the intersection between Summative Rating and Student Growth Impact Rating

Distinguished	Proficient Rating*	Distinguished Rating
Proficient	Proficient Rating	
Basic	Basic Rating	
Unsatisfactory	Unsatisfactory Rating Plan of improvement	
	Low	Average
		High

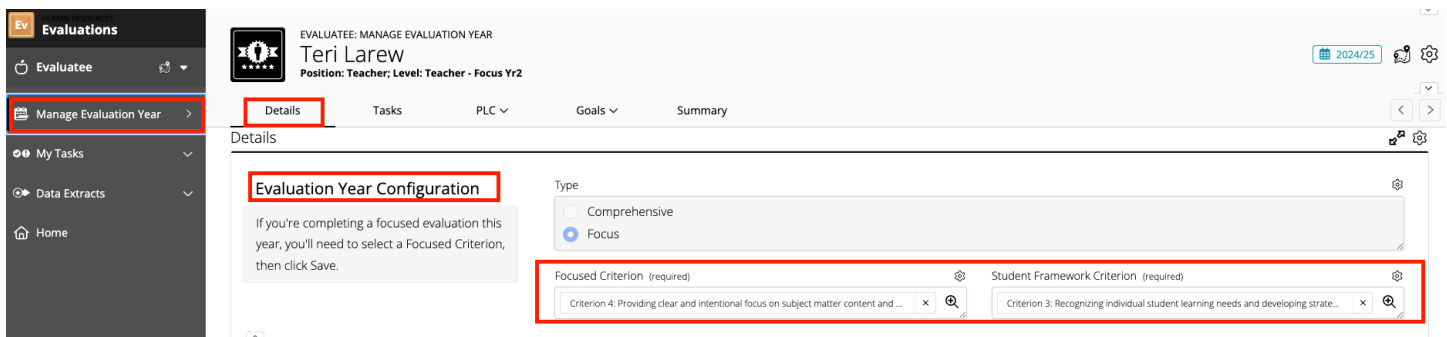

### Marking Focus Criterion

Any criteria can be marked by either the Evaluator or the Evaluatee as focused. Once a criterion has been marked as focused, each instance will display the focus icon for the entire evaluation year.

<input checked="" type="checkbox"/> Criterion 1 - Centering instruction on high expectations for student...	* ▾
<input checked="" type="checkbox"/> Criterion 2: Demonstrating effective teaching practices	* ▾
<input checked="" type="checkbox"/> Criterion 3: Recognizing individual student learning needs and...	* ⬆
<input checked="" type="checkbox"/> 3.1 Ownership of learning	*
<input checked="" type="checkbox"/> 3.2 Capitalizing on students' strengths	*

1. Start under **Manage Evaluation Year** in the left navigation menu.
2. You will see the "**Manage Evaluation Year**" page, which features several subpages (tabs) across the top. You will default to the **Details Tab**.
3. The Evaluator automatically fills in the **Evaluation Year Essentials section**, which reflects the **Position Level, Primary and Supplemental Evaluator**, and the **Prior Year Position Level**. This will determine the tasks and their due dates.

- The **Evaluation Year Configuration** section determines whether the **type** is **Comprehensive or Focus**. When an Evaluatee is **focused**, the **Focused Criterion** field may be edited by clicking on the **magnifying glass**.

The screenshot shows the 'Evaluations' sidebar on the left with 'Manage Evaluation Year' selected. The main content area is titled 'EVALUATEE: MANAGE EVALUATION YEAR' for 'Teri Larew' (Position: Teacher; Level: Teacher - Focus Yr2). The 'Details' tab is active, showing the 'Evaluation Year Configuration' section. A red box highlights the 'Type' field, which has 'Focus' selected. Another red box highlights the 'Focused Criterion' and 'Student Framework Criterion' fields, both containing text and a magnifying glass icon.

- Click the **checkbox** next to the Criterion you will be focused on and click **Accept**.
- For some Criterion, an additional **Student Framework Criterion** field will appear. Select this criterion option in the same manner.
- When finished, scroll to the bottom and click **Save**.

## Displaying only the Focus Criterion

### From any Observation/Evaluation Task

- Click on the **Configuring Gear** icon in the right corner of your screen.
- Click the **checkbox** to the left of the **Show Only Focused Required Criteria**. This will eliminate the display of criteria that are not marked as Required or Focus. This will persist throughout the whole application.

The screenshot shows a configuration menu with a gear icon in the top right corner. The menu items are:
 

- Include Timestamps in Notepad
- Show Alternative Arrangement
- Show Criteria List
- Show Key Indicators
- Show Notepad
- Show Notes
- Show Only Focused Required Criteria (highlighted with a red box)
- Show Performance Level Descriptors
- Show Performance Level Selections

## From the Summative Evaluation

1. Click the **checkbox** in the top left: **Show only focused & required criteria**. This will eliminate the display of criteria that are not marked as Required or Focus. This will persist throughout the whole application.
