	<p>Click the User Setting (Avatar/Name) to access Application Actions and Options, or Log out. A popover window will appear.</p>

Icon Tools

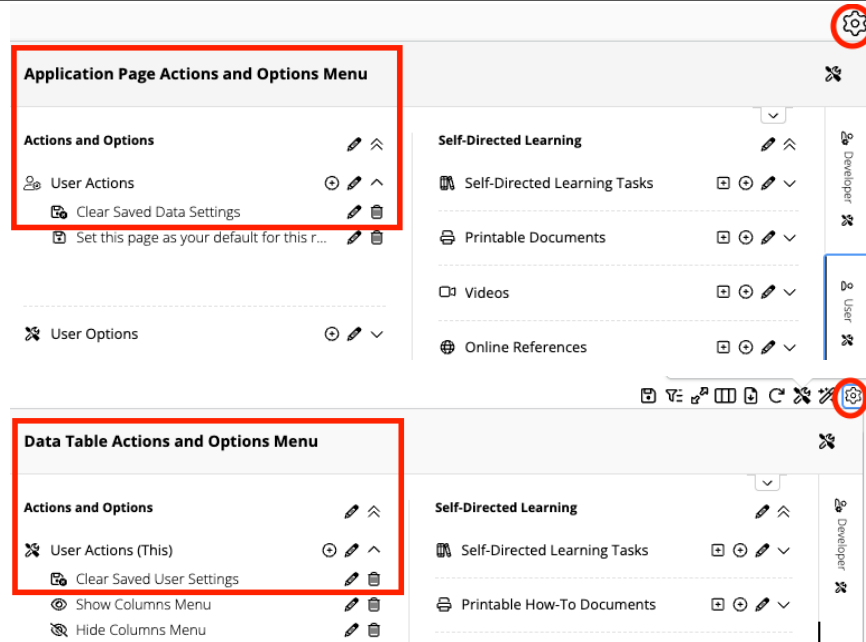

Action Gear: The gear icon displays a menu of options for a single item. Usually found to the far right.

Page Action Gear:

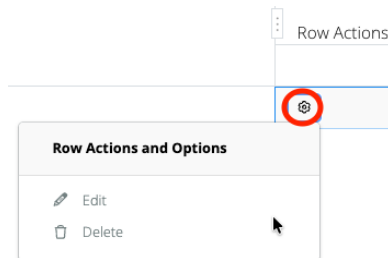

1. Click the **Page Actions and Options Gear** in the top right corner of the page.
2. Start under **Actions and Options**, choose **User Actions**, then click **Clear Saved Data Settings**. This will restore all settings to their defaults.

Data Table Actions & Options Gear

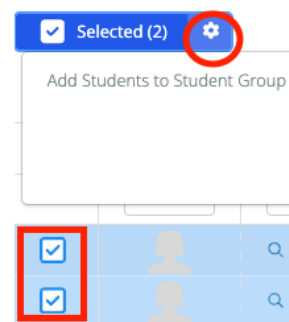

1. Click the **Data Table Actions and Options Gear** in the top right corner of the data table.
2. Start under **Actions and Options**, choose **User Actions**, then click **Clear Saved User Settings**. This will restore all data table settings to their defaults.

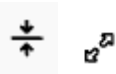

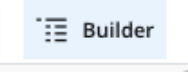

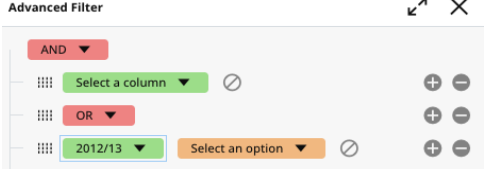

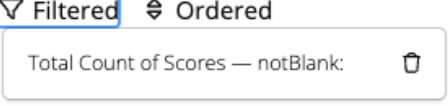

Row Actions & Options Gear

Select Gear (Bulk Actions)

Icon Tools	
	Expand/Collapse or Open Chart in Modal/Close: Click this icon to expand or collapse the container for a better view. Click the resulting icon to return the container to its previous size.
	Download: Download the chart into a PNG file. Download the table into an Excel spreadsheet.
	Refresh: Click the icon to refresh the popover window or container.
	Close: Use this option to hide or remove the container from view.
	Column Panel: This opens the column list in the data table, allowing users to hide, show, and reorder columns.
 	Advanced Filters: Turns on the advanced filter builder in the data table. 
	Filters typically provide a predetermined list of items to select and apply. Clear the filter by clicking Filter, then the Trash icon in the top-left of the table.
