Accessing the Dashboard

1. From the School District Dashboard:
 - a. Start under the **School District Dashboard** in the left navigation menu.
 - b. Click the **Switch** button to the right of the School District Title and select **Leadership Dashboard** from the list.

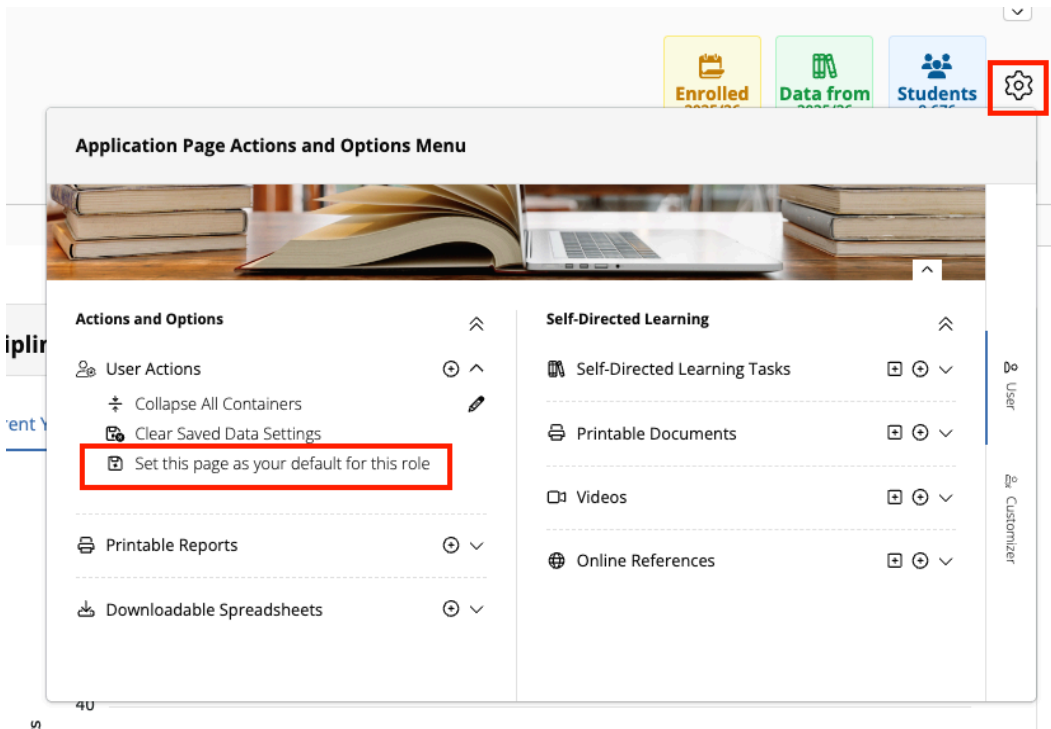

2. From the All Dashboard:
 - a. Start under Dashboards in the left navigation menu, and choose **All Dashboards**.
 - b. Search for **Leadership** using the keyword filter at the top of the **Dashboard Name** column.
 - c. Click the **magnifying glass** next to the title.

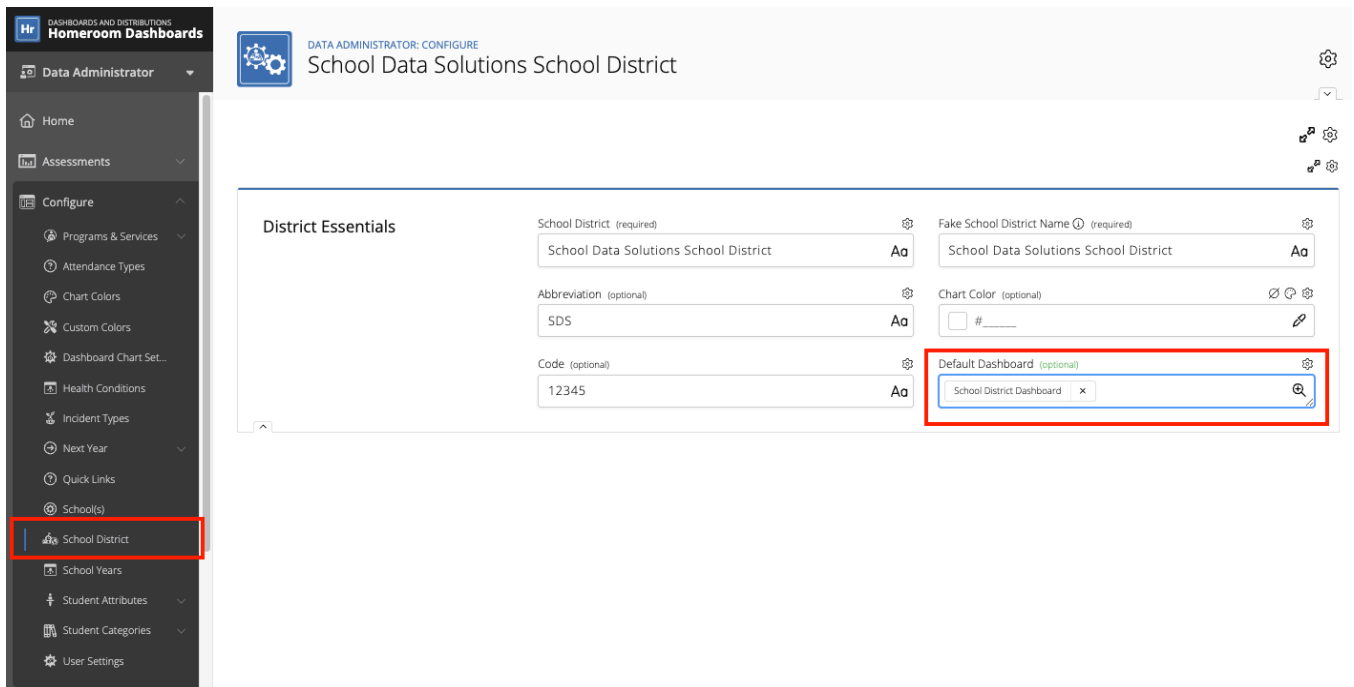

Setting the Dashboard as the Landing Page Upon Log In

1. Individual users can set this page as a default for their role.
 - a. Click the **Application Page Actions and Options Menu Gear** in the top right and select **“Set this page as your default for this role.”**

NOTE: Once a default page is set, you cannot undo this setting except by changing it to a different page. This is a per-role, per-user setting.

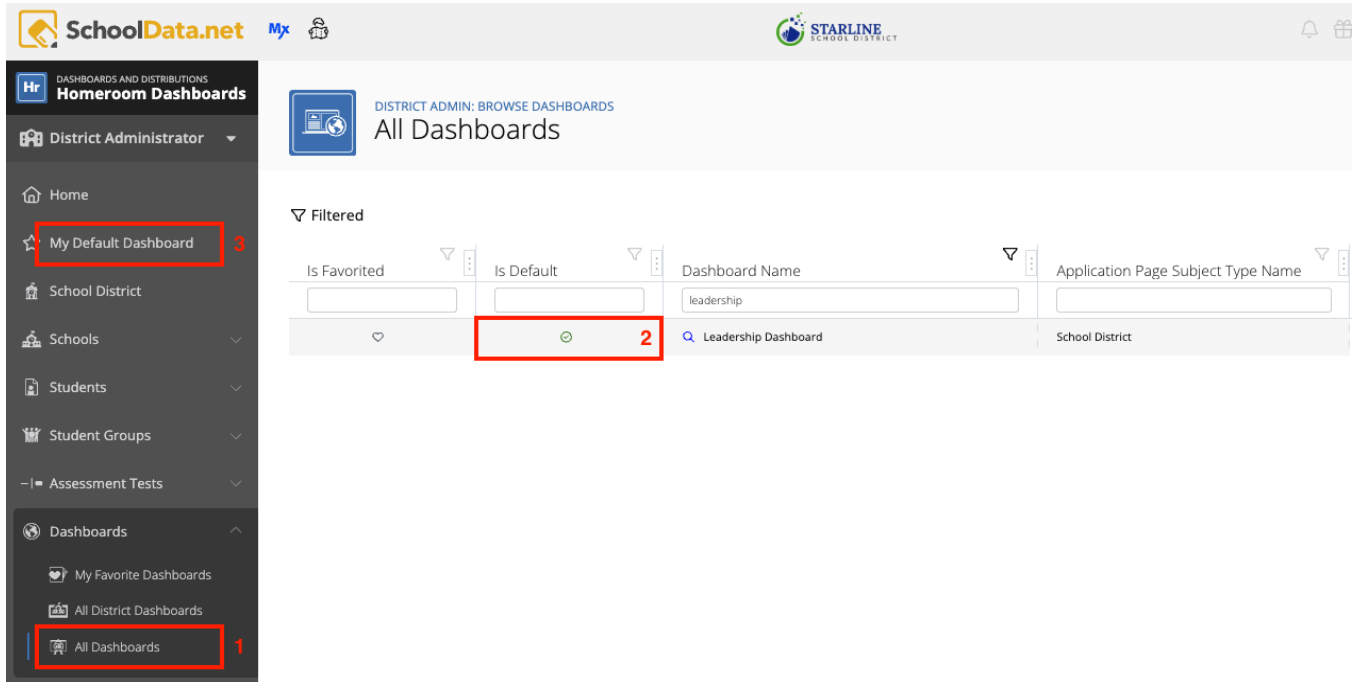

2. A Data Administrator can set the default page for all users of the District Administrator Role: **Configure > School District > Default Dashboard**. This will set it for ALL users with a District Administrator Role.

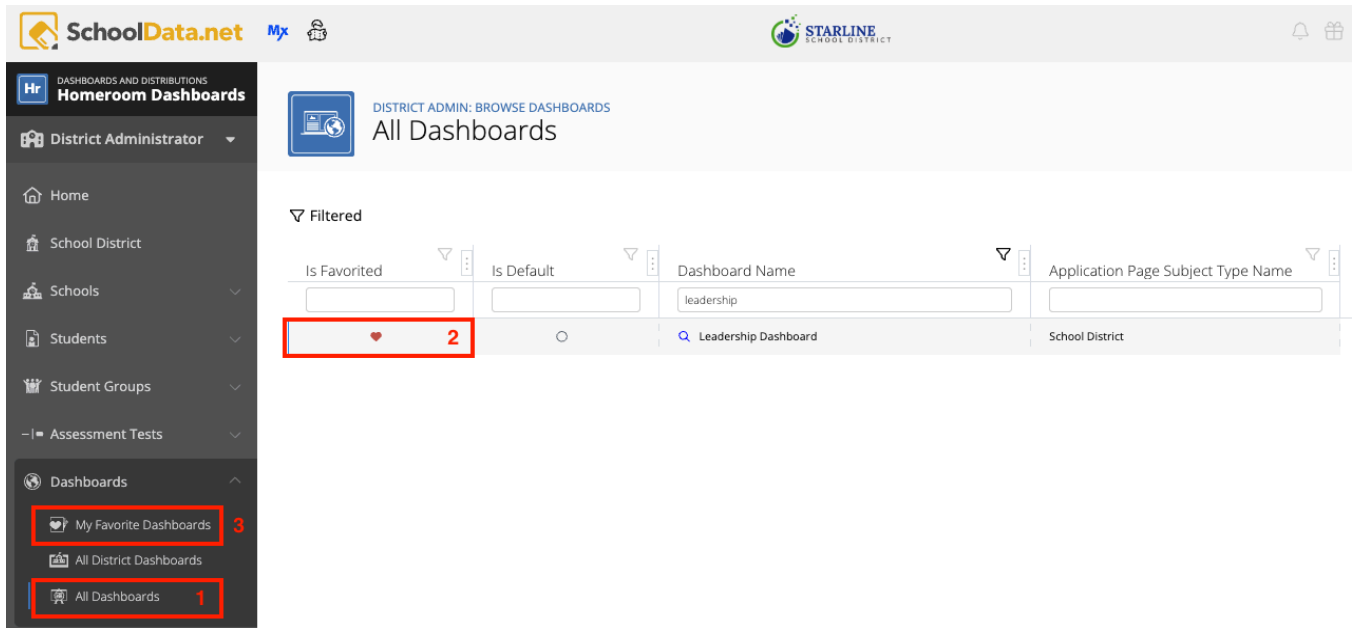

Making the Dashboard a Default or Favorite for Easier Access

Users can set this dashboard as their **Default dashboard**, which appears under “My Default Dashboard” in the left navigation.

1. Start under **Dashboards** in the left navigation, and choose **All Dashboards**.
2. Search for **Leadership** using the keyword filter at the top of the **Dashboard Name** column.
3. Set it as your default dashboard by clicking the **empty circle icon** in the **Is Default** column.

- Users can also set this dashboard as a Favorite, which will appear under “My Favorite Dashboards” by clicking the empty heart icon in the **Is Favored** column.

Dashboard Overview

- Use the **Edit Page Data Settings** button at the top of the page to the right of the school title to filter as needed. The views labeled “Current Year” will show only current-year data filtered by the chosen filters. All other views will honor selections in the Page Data Settings, including but not limited to: Enrollment Years, Data Years, Schools, Grade Levels, etc.
