

ALE Parent Proposed Courses (Connect)

Parents may submit course proposals for inclusion in the Student Learning Plan (SLP) through the ALE application. A **Certificated Teacher** will then review and add the approved course to the student's SLP.

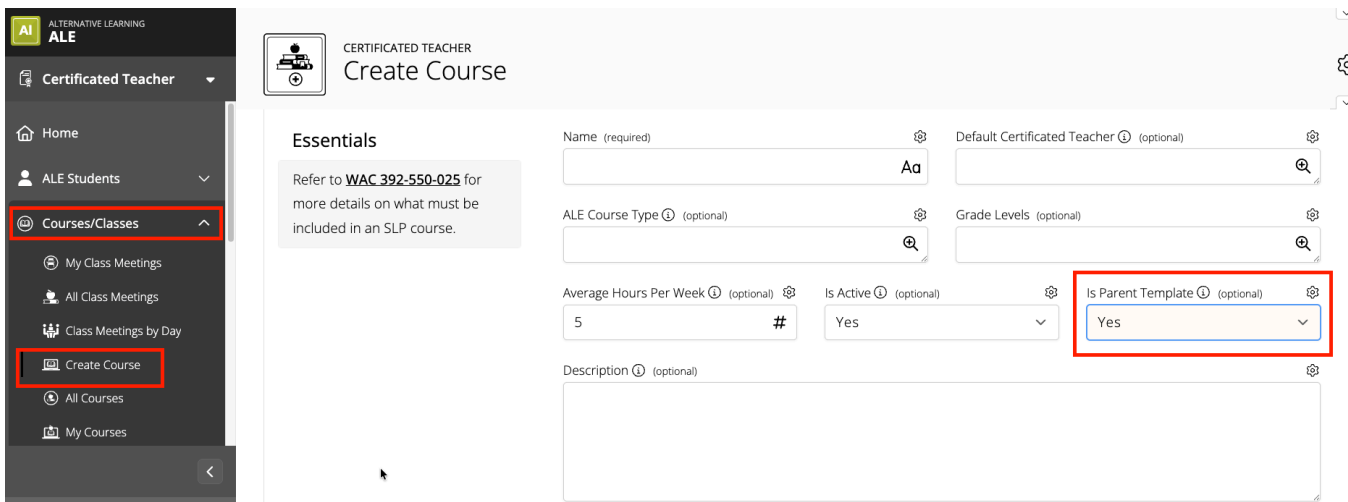

Course Proposal Process

- Course templates may be created and made accessible to parents, if desired
- The parent completes the required course proposal form while authenticated in the application.
- The Certificated Teacher reviews the proposed course and makes any necessary modifications or edits.
- The Certificated Teacher subsequently incorporates the course into the Student Learning Plan.

Creating a Course Template for Parents

To designate a Course as a template for parent use, select the **Is Parent Template** field located on the Course Details tab during course creation.

Parents have the option to submit a course proposal using a predefined template or to develop an entire course from scratch. The proposed Course interface maintains a consistent appearance; however, parents are permitted to enter or modify data in the following standard fields:

- Course name
- Description
- District Approved Curriculum
- Instructional Materials Needed
- Average Hours Per Week
- Learning Activities
- Evaluation
- Timelines

Certificated Teacher Reviews and Edits Proposed Courses
