

## ALE Manage Monthly Progress Settings (Connect)

Here, in the **Data Administrator Role**, you will learn to manage progress settings.

1. Start by going to **Configure Settings** in the left navigation menu, then choose **Monthly Progress Settings**.
2. See [WAC 392-550-025 \(3\)](#) for monthly progress requirements, then click one or more checkboxes to hide or show the selection. A checked box means it is shown, and an empty box means it is hidden.
