

ALE Monitoring Truancy Conditions V2

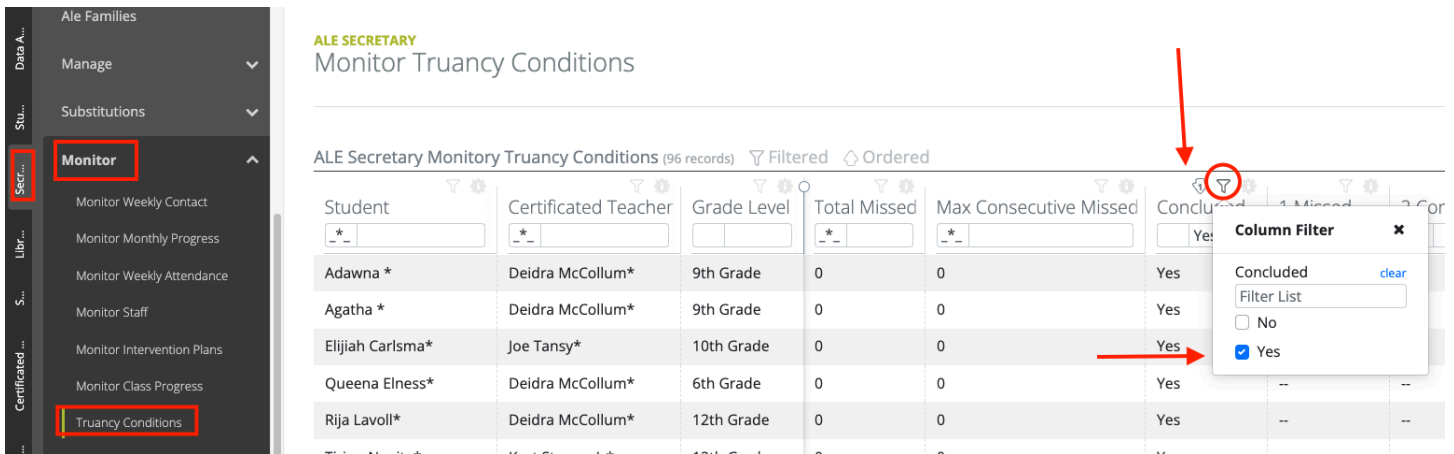

In the ALE application, a Data Table has been created to monitor students who meet the truancy conditions identified by OPSI (referenced on pg 41 of the [Guide to Offering Alternative Learning Experiences](#)).

- One (1) missed weekly contact without a valid justification
- Two (2) consecutive or three (3) cumulative missed weekly contacts without a valid justification
- Five (5) consecutive or six (6) cumulative missed weekly contacts without a valid justification

In addition, a column has been added identifying students with four (4) consecutive missed weekly contacts without a valid justification, as many programs practice exiting students who miss this many consecutive weekly contacts.

The **conditions** are calculated during the nightly migration and are not updated based on the weekly contact information entered today. Remember that any contacts entered today will be reflected in the table after the data migration is successful.

The table is available on the **Secretary** and **Program Manager Roles** under **Monitor** in the left navigation menu. Choose **Truancy Conditions**.

ALE SECRETARY
Monitor Truancy Conditions

ALE Secretary Monitor Truancy Conditions (96 records) Filtered Ordered

Student	Certificated Teacher	Grade Level	Total Missed	Max Consecutive Missed	Concluded
Adawna *	Deidra McCollum*	9th Grade	0	0	Yes
Agatha *	Deidra McCollum*	9th Grade	0	0	Yes
Elijah Carlisma*	Joe Tansy*	10th Grade	0	0	Yes
Queena Elness*	Deidra McCollum*	6th Grade	0	0	Yes
Rija Lavoll*	Deidra McCollum*	12th Grade	0	0	Yes

By default, only data from student learning plans that have not yet been concluded are displayed, but this can be changed by updating the **Concluded** column to **Yes**.

The Columns from left to right include:

- Student Name
- Certificated Teacher - This lists the teacher assigned to this Student's Learning Plan.
- Grade Level - Student's current grade level
- Total Missed - This column shows the total number of weeks with missed contact for which no valid justification was provided.

- Max Consecutive Missed - This column shows the maximum number of consecutive weeks with no contact and no valid justification.
- Concluded - This column indicates whether the SLP has been concluded and defaults to no.

For the remaining four columns, if the student meets this truancy condition (based on data calculated from the previous day), you will see a yellow triangle icon in the corresponding column

- 1 Missed
- 2 Consecutive/3 Cumulative
- 4 Consecutive
- 5 Consecutive/6 Cumulative

Filters are included on each column header to quickly locate students who meet one or more conditions.

ALE Secretary Monitory Truancy Conditions (6 records) Filtered

Student	Certificated Teacher	Grade Level	Total Missed	Max Consecutive Missed	Concluded	1 Missed	2 Consecutive/3 Cumulative	4 Consecutive
Elijah Carlsma*	neil.mendenhall neil...	12th Grade	13	12	No	⚠	⚠	⚠
