

## View Perkins Indicators

Here you can view the Perkins Indicator (Code and Description) and School Year Targets and Calculations.

### Role: Educator

1. Start under **Perkins Indicators** in the left navigation menu.
2. You will see a list of subpages or tabs across the top of the page:
  - **Calculations:** This table lists Perkins indicator targets and calculations by school year.
  - **Explanation:** Here you will see a read-only explanation of the Perkins Indicator.
3. Under the **Calculations** tab, click the **magnifying glass** in the **Name** column to view the Perkins Indicator page.

| Perkins Indicator Name    | Code | Description   | School Year 2025/26 |             | School Year 2024/25 |             | School Year 2023/24 |             |
|---------------------------|------|---|---------------------|-------------|---------------------|-------------|---------------------|-------------|
|                           |      |   | Target              | Calculation | Target              | Calculation | Target              | Calculation |
| Four-Year Graduation Rate | 151  | Defined as: The percentage of CTE concentrators ... | 88.42               |             | 88.42               | 100         |                     | 86.24       |
| Extended Graduation Rate  | 152  | Defined as: The percentage of CTE concentrators ... | 89.8                |             | 89.8                |             |                     | 89.24       |

4. You will see three subpages (tabs) across the top of the page.
  - **Details tab:** This displays the Code, Description, and Calculation Business Rules.
  - **Students tab:** Click the **magnifying glass** in the **student** column to view the student's CTE Concentrations Enrollment, Programs of Study, Credits Earned, and Industry Credentials.
  - **Demographics tab:** Displays the Federal Race Comparison or Distribution Rate. Use the Data Settings and AI Insights drawer to the left.
