

2026.05.27 SDS Release Notes

Date: May 27, 2026

Version: 2026.05.27

Homeroom

New Features

- **Student Plans Subpage (Tab)**
 - A new HTML view is now available for the **HiCap Plans, Individual Health Plans, Student of Concern Plans, Student Language Plans, and Success Plans Reports**. To access a read-only view of a report, click the title in the **Plan Information > Label** column of the data table.
- Created a new **Additional Service Types Proportionality Report** in **Data Extracts/Reports** that allows the user to select one or more Program/Service types for the Examined Population.
 - Incorporated the newly created standard **Proportionality Report Validation Workbook**, which provides the counts on the report, student details, and a parameters page.

Improvements

- A refreshed [site navigation experience](#) with a modernized look and feel.
 - Updated the SDS Platform site navigation button styling.
 - Updated **"Take the first steps"** HTML content block on the home page.
 - Created new **"Get Started"** HTML content block for the SDS home page, replacing the previous "Take the first steps" block.
 - Removed navigation item icons from left nav drawer items.
 - Removed the page introduction popover on hover from nav items.
- Added a hidden **"Is Active"** column to the **All Assessments** data table on dashboards, defaulting to **True**. Users now see only active assessments by default but can opt to view inactive assessments as well.
- Updated the **My Students Data Table** on the **Teacher Dashboards** to include **Grade Level** and **Services** columns. The Services column dynamically displays data based on user permissions, ensuring secure services (such as Free/Reduced Lunch or Homeless) remain hidden unless specific access is granted by the district.
- Added **WIDA Overall Assessment scores** to the **Standard Student Assessment Profile Report**, accessible via both the **Student Dashboard** and **Data Extracts/Reports**.
- Enhanced the logic for the **AP/Honors Participation and Performance Proportionality Report** in **Data Extracts** to utilize class attributes from the SIS, alongside existing class naming conventions, to ensure all relevant classes are accurately included.

ALE

New Features

- Introduced an automated system for generating, managing, and distributing end-of-year **Student Learning Plan (SLP)** and **Intervention Plan reports** for ALE programs.
 - A new application page – **Yearly SLP Documents** – will be available in the **Program Manager** role in the next few weeks. It will feature a data table listing all generated end-of-year documents with columns for Program Name, School Year, Student Name, Plan Start/End Dates, and a download link for the combined ZIP file.

CTE

New Features

- **Teacher role:**
 - Added **Data Extracts** in the left navigation with pages for Reports, Data Tables, Charts, and Workbooks.
 - Added an **Upload Documents** subpage to the **My Students** page, allowing students to upload files using an ID number in the filename. Multiple files can be uploaded at one time.
- **Educator role:**
 - From the **Industry Credentials** page, clicking on an Industry Credential now opens a subpage called **Aligned Programs**, which displays a data table listing Programs of Study and the Alignment status as Active.
 - Added an **Upload Documents** subpage to the **Industry Credentials** page so student files can be uploaded using an ID number in the filename. Multiple files can be uploaded at one time.
- **Data Administrator role:**
 - From the **Industry Credentials Details** page, clicking on an Industry Credential now opens a subpage called **Aligned Programs**, which displays a data table listing Programs of Study and the Alignment status as Active.
 - Added an **Upload Documents** subpage to the **Industry Credentials Details** page so student files can be uploaded using an ID number in the filename. Multiple files can be uploaded at one time.

Improvements

- **Teacher role:**
 - Updated the **My Classes** data table to include a row action to **Manage Work-Based Learning**.
- **Educator role:**
 - From the **All CTE Courses** page, clicking on a Program of Study now displays an enrollment count for the listed Program Courses.

- From the **Programs of Study** page, clicking a Program Category and navigating to the Industry Credentials subpage displays a data table that includes an **Alignment is Active** column.
- From the **Programs of Study** page, clicking on a Program of Study and navigating to the Industry Credentials subpage displays a data table that has been updated to include the **Aligned to the Program** and **Alignment is Active** columns.
- Updated all pages using **Page Data Settings** to include filters for Teacher, Schools, Grade Level(s), and a check box for Predominant School(s) Only.
- **Data Administrator role:**
 - From the **Programs of Study** page, clicking on a Program of Study and navigating to the Industry Credentials subpage displays a data table that has been updated to include the **Aligned to the Program** and **Alignment is Active** columns.

Bug Fixes

- **Homeroom:** Fixed the **AP/Honors Participation and Performance Proportionality Report** in **Data Extracts**, which incorrectly displayed a 100% Passing Rate for all, even when students had failing grades.

Other Improvements

- **EWM:** Added a column to the **Students** data table that provides whatever is the alternative ID setup for a district via the **'Other ID'** column.
- **HiCap Plans:** Added a column to the **Referred Students** data table that provides a student's **'Family Preferred Language(s)'**.
