

Homeroom Dashboards - Basic Dashboard Navigation (V2)

A user can access Homeroom Dashboards by logging in to <http://{yourdistrict}.schooldata.net/v2/homeroom/#/>

Avatar Actions

	<p>Releases: Access new release updates.</p>
	<p>Notifications: Access to view alerts. Alerts inform you, among other things, when a report is ready for download.</p>
	<p>Help: A popover window will appear offering the following options:</p> <ul style="list-style-type: none"> ● Visit our Help Center ● Search our Knowledge Base Articles ● Request Help: Contact a support representative or email support@schooldata.net ● View My Requests - A view of the user's history for specific requests made in the past 
	<p>Videos: Access to help videos.</p>
	<p>Click the User Setting (Avatar/Name) to access Application Actions and Options, or Logout. A popover window with two tab choices will appear: SchoolData.net Settings and Homeroom Settings.</p>

	Application Actions and Options - SchoolData.net SchoolData.net Settings Homeroom Settings
--	--

Schooldata.Net Settings Tab

<p>Account Settings: Username, Password</p> <p>To Change your Password, click Edit account info to be redirected to the Account Management page. Type in the new and current passwords twice, then click Save.</p>	<p>Account Settings</p> <div style="display: flex; justify-content: space-between; align-items: center;"> <div style="text-align: center;">  Username teri.larew </div> <div style="text-align: center;"> Password ***** </div> <div style="text-align: right;"> (Edit account info) </div> </div>
<p>Screen Settings: Zoom, High Contrast Mode</p> <p>Recommendation: Enable high-contrast mode and enlarge your screen if you have less-than-perfect vision.</p>	<p>Screen Settings</p> <p>Zoom %</p> <div style="display: flex; justify-content: center; gap: 10px;"> <input type="button" value="50"/> <input type="button" value="75"/> <input checked="" type="button" value="100"/> <input type="button" value="125"/> <input type="button" value="150"/> <input type="button" value="200"/> </div> <p>High Contrast Mode <input type="button" value="ON"/> <input checked="" type="button" value="OFF"/></p>
<p>Impersonation and Demonstration: Impersonation, Reference Date, Demonstration Mode. Logging out will log you out of the account you are currently logged into.</p>	<p>Impersonation and Demonstration</p> <p>Impersonation <input type="text" value=""/> <input type="button" value="GO"/> (Select persona or user)</p> <p>Reference Date Thu, Jan 4, 2024 </p> <p>Demonstration Mode <input type="button" value="ON"/> <input checked="" type="button" value="OFF"/></p> <p style="text-align: right;">Logout</p>

Homeroom Settings Tab

<p>Default Student Group: Change the student group</p>	<p>Default Student Group</p> <div style="display: flex; justify-content: space-between; align-items: center;"> <div style="text-align: center;"> Student Group Unselected </div> <div style="text-align: right;"> (Change student group) </div> </div> <div style="text-align: center; margin-top: 5px;"> <input type="button" value="Unselected"/> </div>
<p>Default Dashboard: Setting the default dashboard</p>	<p>Default Dashboard</p> <div style="display: flex; justify-content: space-between; align-items: center;"> <div style="text-align: center;"> Dashboard Unselected </div> <div style="text-align: right;"> (Change dashboard) </div> </div>

Default Home Screen: Quickly change between the **Intro Page** and **Your Default Dashboard**. If the user requires more information about the selection, click the **"About Default Home Screen"** link.

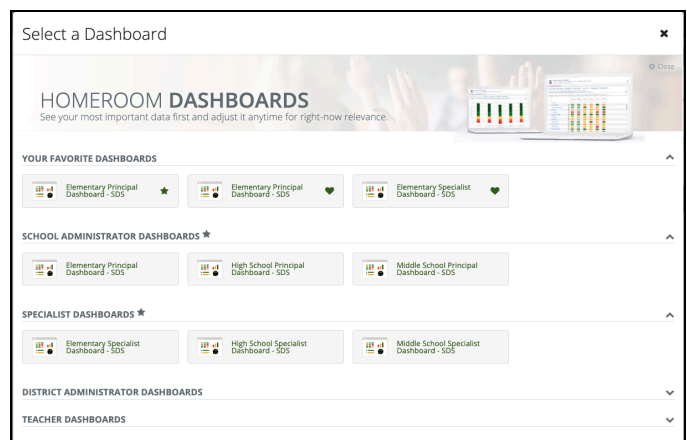

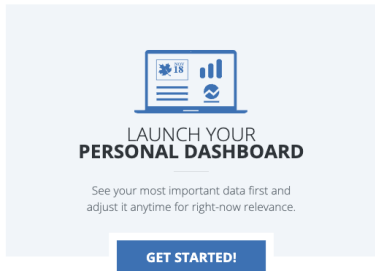

Default Home Screen

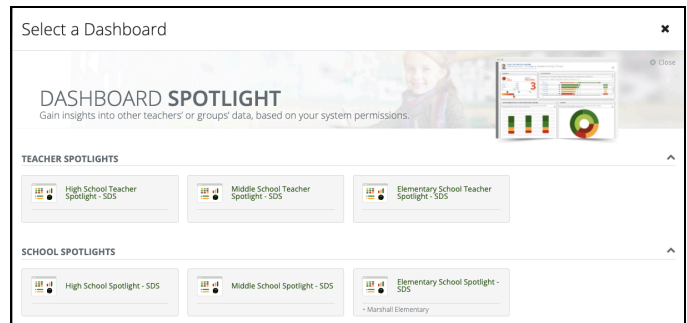

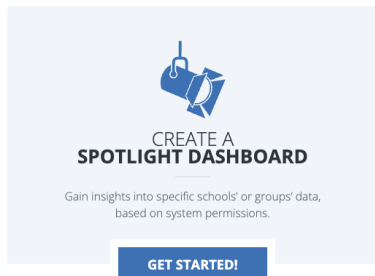

[Logout](#)

Scrolling down the page, Launching Dashboards, Spotlights, Find a Student, and Student Groups are available as clickable tiles.

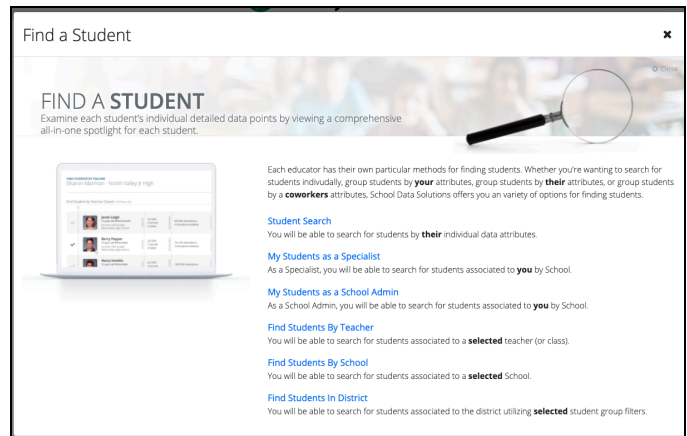

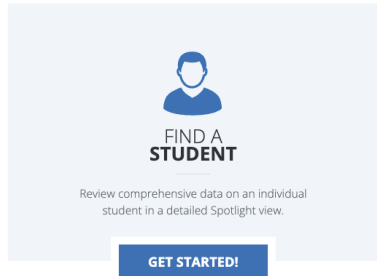

Launch Your Personal Dashboard displays a list of favorite and additional dashboards available to you based on your role. Clicking any of them will launch a dashboard.

Launch a Spotlight Dashboard that displays a list of spotlights available to the user, based on their role. Clicking on any will launch a spotlight.

Find A Student launches a replica of the **Find Student** menu in the Left Navigation menu. The advantage of this method is that it provides explanations for each item on the menu. Again, the list of options will vary depending on the user's role.

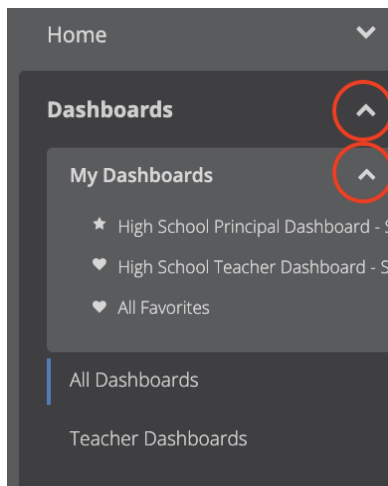

Student Groups - Automatic launches various student groups automatically populated by the teacher, school, or district

OR **User Created** launches the student groups you created.

Left Navigation

The left navigation menu is organized to help users navigate the various options. The arrow on the right signifies a dropdown menu of additional options. NOTE: The user list displayed will differ for users with different roles.

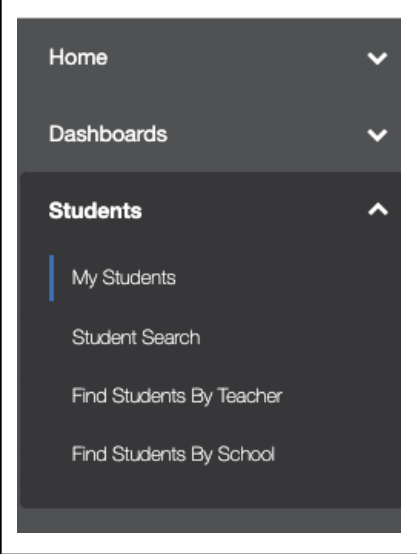

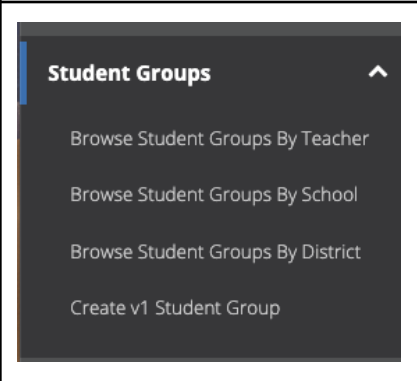

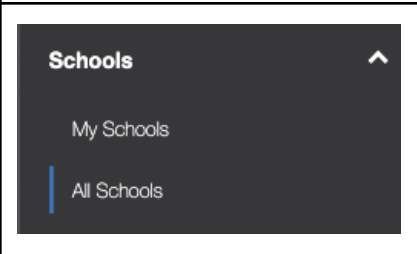

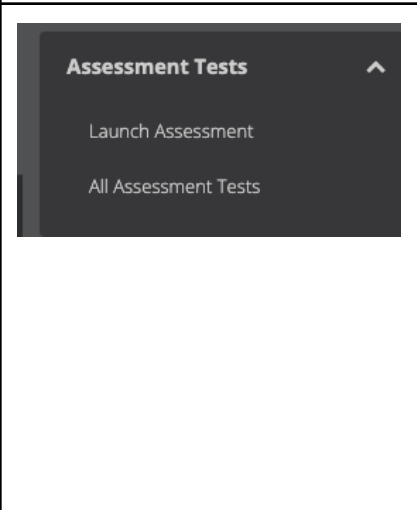

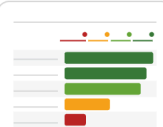

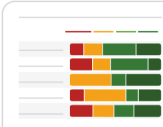

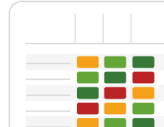

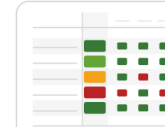

Under Dashboards are the Following:

- **My Dashboards** identifies any dashboard the user has favorited in the All Dashboards list.
- **All Dashboards** will display a list of all available dashboards to the district. Users can then select the appropriate default or favorite dashboards.

Dashboards about You

- ^ You are a District Administrator
- Choose any dashboard below to see data as a District Administrator.
- ♥ Stern Risk Indicators Dashboard
 - ♥ SEL Dashboard - RSD
 - ♥ PreSchool Director Dashboard - RSD
 - ♥ MTSS Dashboard - RSD
 - ♥ CTE Director Dashboard - RSD
 - ♥ District Admin Dashboard - SDS

	<p>Students allow users to browse through students in various scenarios.</p> <ul style="list-style-type: none"> ● My Students enables users to view all students available for their specific roles. ● Student Search: Search students by name, ID, school, and grade level. ● Find Students By Teacher: Search students by teacher. ● Find Students By School: Search students by school, school year, and grade level.
	<p>Student Groups allows users to browse automatically created student groups within their roles and access the Create V1 Student Group application.</p> <ul style="list-style-type: none"> ● Browse Student Groups By Teacher ● Browse Student Groups By School ● Browse Student Groups by District ● Create V1 Student Group
	<p>Schools will enable users to browse various schools within their roles.</p> <ul style="list-style-type: none"> ● My Schools ● All Schools
	<p>Assessment Tests allow users to Launch an Assessment, where they can view assessment data for any student group and any assessment within their role.</p> <div style="display: flex; flex-wrap: wrap; justify-content: space-around;"> <div style="text-align: center; margin: 5px;">  <p>Assessment Test Scores</p> </div> <div style="text-align: center; margin: 5px;">  <p>Assessment Subgroup Comparison</p> </div> <div style="text-align: center; margin: 5px;">  <p>Assessment Set Scores</p> </div> <div style="text-align: center; margin: 5px;">  <p>Assessment Scores with Strands</p> </div> <div style="text-align: center; margin: 5px;">  <p>Progress Monitoring</p> </div> <div style="text-align: center; margin: 5px;">  <p>Assessment Item Analysis</p> </div> </div>

Container Navigation Basics

1. Use the scrollbar or swipe down the dashboard to view different containers.
2. Click the **Action Gear** to the top right to open the **Dashboards Actions and Options**.
3. Click a container name to go directly to that selection.
4. Click the **checkbox** to hide/display. Selecting the empty checkbox hides the container; selecting a checked box displays it.
5. Some containers may have **multiple tabs** at the top to access additional screen views.
6. Use the scroll bars within each container to scroll across or down for more data.
7. Hover over the top bar of a container to view **tool options**. **Helpful Resource:** [Container Tools V2](#).
8. Resize the container by hovering over the bottom right corner until you see a **resize cursor**.
9. Please note that any adjustments, such as resizing or visibility changes, will reset to the default settings when you leave the dashboard or navigate away. You are in View-only Mode, so feel free to explore different tools and buttons without risking permanent changes to the system.
