Sub-Page Navigation = Tab Menu

A **Tab Menu** is at the top of most pages, making it easy to navigate subpages. Click on a name from the dropdown menu to jump to that container.

Container Tools / Chart Actions & Options

1. Expand/Collapse containers at the top right of the container. The dashboard changes will be retained until cleared.
2. Some containers may have **multiple tabs** at the top to access additional screen views.
3. The top-right containers contain additional icons for **Actions and Options** (hiding/displaying and downloading).
