

ALE Configure Parent wSLP Settings (Connect)

Here you will learn how to configure parent wSLP settings in the **Data Administrator Role**.

Configure Parent Proposed Course Settings

1. Start by going to **Configure Settings** in the left navigation menu, then choose **Parent Proposed Course Settings**.

2. You will see various subpages (tabs) at the top of the page. In each tab, you can enable/disable settings by clicking the **checkbox**.
 - a. **Parent Proposed Courses:** Check the box to **Enable Parent Proposed Courses**. By default, parents can edit all course template fields once Enable Parent Proposed Courses is checked.
 - b. **Details:** Check the box to Disable various settings.

<ol style="list-style-type: none"> i. Default Certificate Teacher ii. Is Active iii. Name iv. Grade Levels v. Course Codes vi. Additional Resources vii. Texts viii. Grading ix. Prerequisites x. 3. Click **Save**.

Configure Parent Student Learning Plan Settings

1. Start by going to **Configure Settings** in the left navigation menu, then choose **Parent Student Learning Plan Settings**.
2. Choose to hide/show subpages on the **Parent Role View Student Learning Plan page** by clicking the **checkbox**. An empty box indicates it is visible, while a check mark indicates it is hidden.
 - a. **Hide Schedule Classes:** Check this if your program/school does not schedule classes in the ALE application.
 - b. **Hide Classes from SIS:** Check this if your program/school does not schedule ALE classes in your district's SIS.
 - c. **Hide SIS Attendance:** Check this if your program/school does not record class attendance in your district's SIS.
 - d. **Hide Waitlist:** Check this if you schedule classes in the ALE application but do not use the waitlist option.
 - e. **Hide Class Attendance:** Check this if you do not schedule classes in the ALE application or if you schedule classes in the ALE application but do not record class attendance in the ALE application.
