

ALE Parents: Removing Student from a Waitlist (Connect)

Suppose your program has enabled the waitlist feature. In that case, you may have added your students to the waitlist during registration, or even ended up on one because a class you were trying to enroll in no longer had any available seats. By taking the following steps, you can remove your students from a waiting list if you are no longer interested.

1. Start under **My Students** in the left navigation menu.
2. Click **Review WSLP** under the wSLP you would like. Note the **School Year** if there are multiple wSLPs.

3. Click the **Classes** tab and choose **Waitlist** from the dropdown menu. Here, you will see a list of all the classes your student is on the waitlist for, along with their position on each waitlist.

4. To remove them from the waitlist, use the **Row Action & Options** gear for the class you wish to remove and select **Remove from Waitlist**.
