

Managing Prompts and Conversations

Save or Favorite a Prompt

You have the option to designate any of the prompts as a favorite, which will save them for easy access in the future. This can be helpful for any prompts that you need to access frequently. To do so, click on the star to the left of the prompt that you would like to save. These prompts will now appear on the left hand menu under **My Prompts**.

The screenshot shows the 'Connect AI' interface for a District Administrator. The left sidebar contains a 'Conversations' section with 11 items and a 'RECENT' section. The 'My Prompts' section is highlighted with a red box, showing a list of prompts. The main area displays 'VIEWING PROMPTS FOR School Administrator / Principal Elementary'. A list of prompts is shown, with the first prompt 'What percentage of my students are meeting standard on state assessments by grade level and subject ...' highlighted with a red box. Below the prompts, there is a note: 'AI responses may be inaccurate — always verify important information. · Your data is never used to train AI models.'

Removing a Prompt

To remove a prompt from your list of favorites, select the trash can icon to the left of the prompt that you would like removed. It will no longer be saved under My Prompts.

Search Conversations

The search option allows you to enter key words to quickly find a previous conversation to revisit the results, or continue the conversation at a later time. You can access the search by first selecting the magnifying glass icon from the left side menu, then entering the search criteria into the search box.

Pin a Conversation

If you would like to pin a conversation, simply select the pin icon that appears to the right of the conversation that you have selected. This conversation will now be saved. You can follow the same steps to unpin a conversation at any time.
