

ALE Application for Parents: View and Acknowledge Monthly Progress via Email

Each month, after a determination of Monthly Progress has been made, parents will receive a notice that their student has Monthly Progress that needs to be reviewed. The notice will come in the form of an email from School Data Solutions with a link to login to their student's Monthly Progress. Parents with multiple students will receive an email for each student. The email will be similar to this one with their own school's information displayed.

Parents should click on the button in the email. They will then be directed to login and will be taken directly to the Monthly Progress page. Next, click the row action gear for the appropriate month and select "View Monthly Progress".
